ABOUT PERFECT HIRE

Perfect Hire, run and operated by Perfect Contracting, is the first company to specialize in supplying the construction industry and domestic market with highly trained, skilled labour combined with top of the line construction equipment.

We provide experienced personnel who undergo regular training and hold relevant licenses to operate our machinery and tools. With a strong focus on training, safety and professionalism, our team is equipped with the experience, expertise and knowledge you need to achieve results on your construction projects.

We understand the importance of having the right equipment to produce quality results on every job and that is why we only use the best tools manufactured by trusted brands, such as Hilti, Makita, Husqvarna and Tyrolit.

At Perfect Contracting we ensure all our equipment is serviced, maintained, tagged and tested to provide you with the most reliable resources for your projects.

At Perfect Hire we provide you with the equipment you want and the people you need.

OUR TEAM

At Perfect Hire, we take care of everything. From managing administration costs of pricing projects to putting top of the line equipment with highly trained labour on your project, we have everything you need to get the job done.

Unlike other labour or hire companies, we are the industry leader in providing clients with the combination of highly skilled labour, trained to operate our highest-quality equipment, so you can sit back and relax, knowing that your project goals are being achieved by experienced professionals. We carefully select, honest, punctual and dedicated individuals that are equipped with the training and expertise to provide you with the best service. Our team combined, has over 100 years experience and possess the knowledge, skills and experience you need to achieve quality results on every project.

Additional allowances and travel charges may apply.

Penalty rates apply to overtime, night works, weekends and public holidays.

RATES

SKILLED / GENERAL LABOURERS

General Labourer	\$35 per hour
Manual Hand Tools / Cleaning Equipment Basic on site experience useful for site cleaning and manual handling jobs	
Demolition / Construction Labourer	\$40 per hour
Basic hand power tools / Jackhammers Demolition / construction site experienced labourer who can use most basic power tools	
Skilled Labourer	\$45 per hour
Demolition Saws / Wall Grinders / Wall Chasers Advanced demolition / construction site experienced labourer who can use technical power tools. Skilled labourers come with one competency ticket, additional competency tickets \$5 per hour surcharge.	

TRADESMEN

Oxy Cutter	\$60 per hour
Oxy Cutting Equipment Advanced experienced oxy cutter will work under direction and supervision of client to complete all oxy cutting works	
Welder	\$60 per hour
Welding Equipment Advanced experienced welder will work under direction and supervision of client to complete all welding works	
Carpenters Assistant	\$50 per hour
Basic hand and electric carpentry tools Basic experienced carpenters assistant will work alongside other carpenters to complete all carpentry works	
Carpenter	\$65 per hour
Basic hand and electric carpentry tools Advanced experienced carpenter will work under direction and supervision of client to complete all carpentry works	

CERTIFIED LABOURERS

EWP Operators (up to 11m)	\$45 per hour
EWP Operators (over 11M)	\$80 per hour
Asbestos Removal	\$45 per hour
Confined Space	\$45 per hour
First Aid	\$45 per hour
Material Hoist Operator	\$45 per hour
RIW General Labourer	\$45 per hour
RIW Skilled Labourer	\$55 per hour
Traffic Controller	\$45 per hour
Working at Heights	\$45 per hour
Breathing Apparatus	\$45 per hour

\$5 per hour per additional competency

SUPERVISORS / CONCRETE CARE

Skilled Concrete Care Operator	\$60 per hour
Demo Saws / Road Saws / Core Drills / Grinders Advanced demolition / construction site experienced workers who can operate highly technical concrete care equipment	
Demolition Supervisor	\$80 per hour
Licensed supervisor who will supervise all demolition activities undertaken on site, and will confer with Project Manager to assist in organising/coordinating site activities	

Site Supervisor	\$65 per hour
Experienced Site Supervisor Signs other trades in/out from site. Keeps diary of all daily activities undertaken on site. Confers with Project Manager to assist on organising / coordinating site activities	
Asbestos Removal Supervisor	\$80 per hour
Licensed supervisor who will supervise all asbestos removal activities undertaken on site, and will confer with Project Manager to assist in organising site activities.	

TRUCK OPERATORS

LR Truck Driver	\$40 per hour
MR Truck Driver	\$45 per hour
HR Truck Driver	\$50 per hour

PLANT OPERATORS

Excavator Operator (up to 5T)	\$55 per hour
Excavator Operator (over 5T)	\$60 per hour
Forklift Operator	\$45 per hour
Bobcat Operator	\$45 per hour

JACKHAMMERS

Our concrete breakers comes in a range of brands, sizes, and specific purposes. A smaller breaker such as the Hilti TE 50 weighs just 5.7 kilograms for easy use and is ideal for little jobs such as wall tiles. For larger projects, consider the 30 kilogram Hilti TE 3000, which can break up to 6 tonnes every hour.

*Dust removal system and Vacuum also available for most equipment – removes 95% of dust at its source.

HILTI BREAKER /JACKHAMMER TE 50

- Side handle with full radial and axial adjustment for a secure grip in virtually any position
- Ideal for removing wall tiles, repairing concrete, chiselling work on concrete and masonry walls

*Demolition / Construction Labourer Required

Product Code	JH001	Point/Spade Chisel \$/day	\$10
Weight	5.7kg	Point/Spade Chisel BUY	\$130
Price per Day	\$80	Price per Week	\$320

HILTI BREAKER /JACKHAMMER TE 60 ATC AVR

- Hammer drilling in concrete, masonry and natural stone using drill bits in the 12 - 150 mm diameter range with High rotation speed of (360 rpm)
- Working mode: Hammer drilling, Drilling only, Chiselling, Chisel setting
- Full hammering frequency: 3300 impacts/minute
- Rotation speed gear 1 under no load: 350 tours/minute

**Drill Bits ranging from 10-38mm POA

*Demolition / Construction Labourer Required

Product Code	JH008	Point/Spade Chisel \$/day	\$10
Weight	7.5kg	Point/Spade Chisel BUY	\$130
Price per Day	\$90	Price per Week	\$360

HILTI BREAKER /JACKHAMMER TE 70

- Hammer drilling in concrete, masonry and natural stone using drill bits in the 12 - 150 mm diameter range with High rotation speed of (360 rpm)
- Drilling holes for heavy-duty anchors 20 - 40 mm in diameter
- Breaching and demolition using pointed and flat chisels
- Drilling with high torque in wood and steel

**Drill Bits ranging from 10-38mm POA

*Demolition / Construction Labourer Required

Product Code	JH002	Point/Spade Chisel \$/day	\$10
Weight	9.1kg	Point/Spade Chisel BUY	\$130
Price per Day	\$90	Price per Week	\$360

HILTI BREAKER /JACKHAMMER TE 800

- Breaking out openings for doors and windows
- Demolition work on walls
- Corrective work on floor slabs
- Making penetrations for ducts and pipes

*Demolition / Construction Labourer Required

Product Code	JH009	Point/Spade Chisel \$/day	\$10
Weight	10.6kg	Point/Spade Chisel BUY	\$130
Price per Day	\$85	Price per Week	\$340

HILTI BREAKER /JACKHAMMER TE 1000

- Powerful breaking performance thanks to exceptional impact energy
- Ideal for demolishing concrete and masonry at floor level or below waist level
- Corrective chiseling such as adjustments to door and window openings

*Demolition / Construction Labourer Required

Product Code	JH003	Point/Spade Chisel \$/day	\$10
Weight	11.8kg	Point/Spade Chisel BUY	\$130
Price per Day	\$85	Price per Week	\$340

HILTI BREAKER /JACKHAMMER TE 1500

- Low weight and great balance for excellent handling in demanding applications
- Exposing reinforcement in foundations
- Breaking out openings for stairs, risers and shafts
- Creating large channels in floors
- Breaking up asphalt in surface renewal work, e.g. sewer maintenance

*Demolition / Construction Labourer Required

Product Code	JH004	Point/Spade Chisel \$/day	\$10
Weight	14.2g	Point/Spade Chisel BUY	\$130
Price per Day	\$90	Price per Week	\$360

HILTI BREAKER /JACKHAMMER TE 3000

Impressive working performance - up to 6 tonnes of concrete per hour, which puts the TE 3000 on par with compressed air tools

- Medium- to heavy-duty demolition of concrete slabs and foundations
- Breaking up asphalt for road building, repair work and pipe laying
- Removing concrete for rebar connections and utility connections
- Digging and tamping in earthwork

*Demolition / Construction Labourer Required

Product Code	JH005	Point/Spade Chisel \$/day	\$30
Weight	30kg	Point/Spade Chisel BUY	\$170
Price per Day	\$145	Price per Week	\$580

HITACHI BREAKER /JACKHAMMER H65

- A powerful 11.4 AMP motor for tough applications
- Extensive demolition work at or near floor level
- Exposing reinforcement in foundations
- Breaking out opening for stairs, risers and shafts

*Demolition / Construction Labourer Required

Product Code	JH006	Point / Spade Chisel \$/Day	\$10
Weight	18kg	Point/Spade Chisel BUY	\$130
Price per Day	\$70	Price per Week	\$280

PNEUMATIC BREAKER /JACKHAMMER

The Chicago Pneumatic Breaker is designed to deliver the power and durability necessary for a variety of construction and plant maintenance applications such as breaking heavy concrete, reinforced concrete, frozen ground, boulders and pavements.

- Breaking heavy concrete
- Length 730mm

*Demolition / Construction Labourer Required

Product Code	JH007	Air Pressure	900 PSI
Weight	34kg	Chuck Size	1 1/4" x 6"
Price per Day	\$95	Price per Week	\$380
Moil Point Chisel / Day	\$15	Moil Point Chisel / BUY	\$120

HILTI DUST REMOVAL SYSTEM

- The Hilti Dust Removal System lets contractors spend more time working and less time doing non-productive prep and cleanup duties
- Clipping easily onto all recent Hilti demolition hammers and combihammers, the system reduces the operator's exposure to fine dust while increasing productivity
- The Hilti Dust Removal System does not require excessive assembly
- The system works easily and effectively with Hilti Jack Hammers

Product Code	JHA001	*Demolition / Construction Labourer Required	
Price per Day	\$40	Price per Week	\$160

CHISELS FOR JACKHAMMER

FOR HILTI TE 50 - 1500 & HITACHI H65

Product Code	JHA003 / JHA004 / JHA005 / JHA006		
Price per Day	\$10 Each	Price to BUY	\$150 Each

FOR HILTI TE 3000

Price per Day	\$30 Each	Price to BUY	\$ 170 Each
---------------	-----------	--------------	-------------

POINTED CHISEL

- Base material: Concrete, brick, masonry
- Light chiselling work
- Small openings

NARROW-FLAT CHISEL

- Base material: Concrete, brick, masonry
- Much less likely to stick in concrete or masonry
- Consistently high performance over the entire service life of the chisel

WIDE-FLAT CHISEL

- Base material: Concrete, brick, masonry
- Reduced sticking in concrete or masonry
- Self sharpening blade

WIDE-FLAT CHISEL / SCRAPER

- Base material: Concrete, brick, masonry
- Smoothing concrete surfaces after pouring concrete
- Removing tiles and other layers

VINYL BLADE FOR HILTI TE 50 - 1500 & HITACHI H65

Product Code	JHA007		
Price per Day	\$100 Each	Price to BUY	\$500 Each

LONG TILE SMASHER HEAD

The tile smasher comes complete with a 6 in. wide blade and is compatible with the Hilti TE 1000 and Hilti TE 1500 electric breakers. The combination of blade and the tile smasher head speeds the removal of floor coverings such as tile and vinyl. Blade is made of high tensile steel for longer life.

- Lifts floor tiles, vinyl and cork
- Removes residue from tile beds
- Machined out of a solid block of tool-grade steel
- Countersunk bolts for better operation

CONCRETE CARE

Every tradesmen knows you need the right tools for the job, that's why when you hire concrete care tools from Perfect Hire, you have peace of mind knowing that each piece of equipment is well cared for. Our tools are of exceptional quality, using only leading brands such as Husqvarna, Tyrolit, and Hilti.

The range of concrete saws available from Perfect Hire includes hand-held 14" and 16" inch Demolition and Ring saws, as well as larger Walk-behind saws and Road saws for cutting ground concrete, with maximum cutting depths ranging between 120mm - 450mm.

- * High Frequency and specialised Concrete Care equipment hired only in conjunction with a skilled operator.
- * Skilled Concrete Care Operator - \$60 per hour + tool delivery charges apply.
- * For schedule of rates on diamond blades/ toothed equipment please refer to Concrete Care pricelist.

TYROLIT HAND SAW HBH534 20"

Cuts every type of material from reinforced concrete, brick, asphalt & steel. Compact, light and easily handled due to ergonomic construction, adjustable blade guard for normal and flush cuts. The most powerful hand saw on the market with 10 HP motor Compatible with all TYROLIT Hydrostress drive units to 25kW using an adapter.

*Skilled Concrete Care Operator Required

Product Code	CCE14	Max Pressure	140 bar
Max Flow	40l/min	Length	940mm
Max Cutting Depth:	200mm	Width	235mm
Motor Hydraulic	10HP	Weight	13.5kg
20" Diamond Blade / mm	\$35	20" Diamond Blade / Each	\$500
Price per Day	\$500	Price per Week	\$2000

HYCON HYDRAULIC CUT-OFF SAW 16"

The cut-off saw offers top safety with the built-in ASCO System (Automatic Safety Cut off). The tool automatically cuts off if the disc jams - no injury to the operator.

- 16" - with cutting depth up to 162 mm
- Can be mounted in the saw cart
- Will cut any material including rebar

*Skilled Concrete Care Operator Required

Product Code	CCE15	Max Pressure	140 bar
Weight	13.5kg	Length	940mm
Max Saw Blade	534mm	Width	235mm
16" Diamond Blade / mm	\$35	16" Diamond Blade / Each	\$500
Price per Day	\$350	Price per Week	\$1400

HYCON HYDRAULIC POWERPACK 18V FLEX

HYCON HPP18V FLEX features infinitely variable flow adjustment from 0 to 40 l.p.m. It is extremely popular among users of high performance diamond tools for drilling and cutting concrete. They are users who often need the high power and who want a robust, high quality 40 l.p.m. powerpack.

With its great flow range, the HPP18V FLEX can operate all tools - it is typically used for cut-off saws, diamond chain saws, ring saws and other 40 l.p.m. tools.

HPP18V FLEX has both electric and recoil start, so you can start it even with a dead battery.

*For use with hydraulic demolition saws

Product Code	CCE16	Flow Rate	40 l.p.m
Weight	105 kg	Price per Week	\$2000
Price per Day	\$500		

*Skilled Concrete Care Operator Required

ABOUT US

Perfect Concrete Care is an industry-leading concrete care contractor. We specialise in working on concrete for commercial, industrial and government clients, on short and long term projects across New South Wales. A subdivision of Perfect Contracting and Perfect Hire, our clients benefit from the combined experience and capabilities of three divisions that cover construction, demolition, equipment, personnel hire, and specialised concrete services. We are dedicated to sustainability, ensuring safety, quality and accountability standards across our company. So you can have confidence we'll get your job done safely, with minimum impact to the environment.

SERVICES

CUTTING

Perfect Concrete Care offer a wide range of cutting services. Our skilled operators are qualified to carry out all kinds of concrete cutting services.

CORING

Our Core drilling experts can conduct efficient, swift, economical operations in busy areas like highways when medians need to be worked on.

SCANNING

With the use of Ground Penetrating Radar we can scan in real-time to provide our operator with in-depth and comprehensive scans of structures to ensure safety.

GRINDING

Our high-speed grinders make quick work of leveling uneven spots, irregular joints and rough or bumpy concrete surfaces.

HUSQVARNA RING SAW SYSTEM

The High Frequency Power pack comes together with the Husqvarna K6500 Ring Saw, Husqvarna K 6500 Pre-cut Saw and the PP220, 3 phase power - the perfect combination for all your concrete care needs.

HUSQVARNA HIGH FREQUENCY RING SAW - K6500

Husqvarna K 6500 Ring Saw is equipped with high frequency technology, making it a really powerful electric ring cutter. The high power output, well-balanced body and low vibration levels make this machine very efficient and easy to use with low vibration levels.

**Supplied together with Husqvarna PP220 Powerpack

*Skilled Concrete Care Operator Required

Product Code	CCE01	Motor	Electric. Single phase 240V or three phase
Weight	13.1kg	Max Cutting Depth	270mm
Price per Day	\$450	Price per Week	\$1800

HUSQVARNA HIGH FREQUENCY PRE-CUT SAW - K6500

Our Husqvarna K 6500 is equipped with high frequency PRIME™ technology, making it our most powerful electric cutter. The high power output, well-balanced body and low vibration levels make this machine very efficient and easy to use. Can be used with the PP 220 as a power source.

** Supplied together with Husqvarna PP220 Powerpack

*Skilled Concrete Care Operator Required

Product Code	CCE26	Power	Electric. Single phase 240V or three phase
Weight	10kg	Max Cutting Depth	145mm
Price per Day	\$400	Price per Week	\$1600

TYROLIT WALL SAW - WSE1217

The TYROLIT WSE1217 Wall Saw is significantly improved reliability and cutting performance thanks to innovative Tyrolit P2 technology. Can cut depths up to 520mm deep.

- Innovative, powerful and low-maintenance electric motor without transmission.
- Optimised remote controller greater mobility and increased safety
- Lightweight control unit enables use in the 16 and 32 A range
- *3 Phase power required

*Recommended use with VCE2000 Slurry Vacuum for slurry control

*2x Skilled Concrete Care Operator Required

Product Code	CCE19	Max Cutting Depth	520mm
Weight	22kg	Power	3 Phase

It's our job to make your job as easy as possible which is why all our concrete cutting and drilling equipment are run by qualified operators.

With many years of technical experience, our friendly team will ensure your job is completed on time to the quality standards you would expect from a **perfect contractor**.

We can now cut depths of up to 520mm with our new Tyrolit WSE Wall Saw.

HUSQVARNA RING SAW K970

When you need to make deep cuts fast our K 970 Ring is the answer. It has an exceptionally cutting depth of 270 mm, twice the amount of a traditional power cutter. It has a high cutting capacity, can make deep cuts from one side and is the quickest method for small and medium-sized cuts, as no time is lost on installing rails.

* 2 Stroke petrol charges apply

* Recommended use with VCE2000 Slurry Vacuum for slurry control

*Skilled Concrete Care Operator Required

Product Code	CCE17	Power	4.8kw
Weight	13.6 kg	Max Cutting Depth	270mm
Price per Day	\$350	Price per Week	\$1400

STIHL CUTQUIK TS 800 16"

The TS 800 Cut-off Machine now featuring a magnesium guard and reduced weight.

When used with the optional STIHL Cutquik® cart, the TS 800 is an excellent alternative to conventional walk behinds because it can be used as a handheld or quickly snapped into our cart for long, straight, controlled cuts. It's also fuel efficient, with enough power to cut through asphalt, concrete, rebar, iron and steel with ease.

* 2 Stroke petrol charges apply

* Recommended use with VCE2000 Slurry Vacuum for slurry control

*Skilled Concrete Care Operator Required

Product Code	CCE18	Power Output	5.0kw
Weight	12.7 kg	Max Cutting Depth	143mm
16" Diamond Blade / mm	\$20	16" Diamond Blade each	\$250
Price per Day	\$200	Price per Week	\$800

HILTI DEMOLITION SAW 16"

- Wet and Dry cutting in one machine
- Cutting curb stones and paving stones, sewer pipes and ducts, metals, asphalt

* 2 Stroke petrol charges apply

* Recommended use with VCE2000 Slurry Vacuum for slurry control

*Skilled Concrete Care Operator Required

Product Code	CCE02	Motor	Petrol 2 stroke
Weight	11.9kg	Max Cutting Depth	150mm

Price per Day	\$200	Price per Week	\$800

HUSQVARNA ELECTRIC DEMOLITION SAW K-3000 14"

- Wet and dry cutting in one machine
- Electric all-around wet cutter that minimizes the amount of water and slurry
- Adjustment to openings blocks, curbstones and pavers, cast concrete floors and walls pipes

*Skilled Labourer Required

* Blade Usage Charged

Product Code	CCE06	Motor	Electric. Single phase 240V or three phase
Weight	8.5kg	Max Cutting Depth	120mm
14" Diamond Blade / mm	\$15	14" Diamond Blade each	\$180
Price per Day	\$150	Price per Week	\$600

HILTI ELECTRIC DEMOLITION SAW 14"

- Cuts to a depth of up to 120mm - twice as deep as is possible with conventional angle grinders. Ideal for resident and small commercial projects
- Cutting reinforced concrete, granite curbstones, slabs, brick and masonry blocks
- Cutting and extending openings for windows, doors and shafts. Cutting metal beams, steel pipes
- Making preliminary cuts for controlled demolition

*Skilled Labourer Required

* Comes with Hilti 50 Vacuum

Product Code	CCE05	Motor	Electric. Single Phase 240V
Weight	9.5kg	Max Cutting Depth	120mm
14" Diamond Blade / mm	\$15	14" Diamond Blade each	\$180
Price per Day	\$200	Price per Week	\$800

TYROLIT ROAD SAW CC6560XLS

- Two diesel engine choices
- Quick release blade shaft/flange and rear wheels
- Self propelled with hydrostatic transmission
- Strongest frame on the market
- Fits through a door frame
- No Flush Cuts

*Skilled Concrete Care Operator Required

* Refer to Perfect Concrete Care Schedule of Rates

* Recommended use with VCE2000 Slurry Vacuum for slurry control

Product Code	CCE13	Max Speed	2700rpm
Weight	9.8kg	Drive/Motor	Diesel
Max Cutting Depth	450mm	Output	45kW/60HP
Max Saw Blade	1060mm	L x W x H	1260 x 820 x 1200 mm

CORE CUT PUSH WALK-BEHIND SAW CC1800XL

Control panel with screw feed, ignition switch, adjustable handles and hour meter. Handles have two sets of grips that can be positioned outward or inward. Walk-behind saw style: Push.

- Blade Shaft RPM: 2,600
- Blade mounting: Right or Left
- Drive Speed: 0-80 feet/min
- Self aligning blade shaft bearings

* Refer to Perfect Concrete Care Price Guide for Rates

* Recommended use with VCE2000 Slurry Vacuum for slurry control

*Skilled Concrete Care Operator Required

Product Code	CCE07	Blade Guard	20"
Max Depth Cut	7-5/8"	Blade Shaft Diameter	1-1/4"
Max Cutting Depth	230mm	Power	33 Amp 7.5 hp 230V 1 phase Motor

WEKA DK16 HAND CORE DRILL

- Universal wet diamond core drill with a wide drilling range for rig operated and hand-held drilling
- 3-speed-gear with oil bath lubrication and overload clutch
- Motor protection and soft start by means of the Intellitronic

* Refer to Perfect Concrete Care Price Guide for Rates

* Recommended use with VCE2000 Slurry Vacuum for slurry control

*Skilled Concrete Care Operator Required

Product Code	CCE08	Weight	5.9kg
Price per Day	\$135	Drilling Diameter	20-160mm

WEKA DK32 STAND CORE DRILL

- High-performance, air-cooled motor with 3200 W
- The stand is tiltable, and features a convenient carry handle
- Angle drilling barriers, channels, pipes and cables stitch drilling water evacuation

* Refer to Perfect Concrete Care Price Guide for Rates

* Recommended use with VCE2000 Slurry Vacuum for slurry control

*Skilled Concrete Care Operator Required

Product Code	CCE08	Weight	23kg
Price per Day	\$150	Drilling Diameter	55 -350mm

HUSQVARNA CORE DRILL

- Complete core drilling system for a huge variety of drilling applications
- The stand is tiltable, and features a convenient carry handle
- Angle drilling barriers, channels, pipes and cables stitch drilling water evacuation

* Refer to Perfect Concrete Care Price Guide for Rates

* Recommended use with VCE2000 Slurry Vacuum for slurry control

*Skilled Concrete Care Operator Required

Product Code	CCE08	Weight	23kg
Price per Day	\$150	Max Drilling Diameter	250 mm

TYROLIT HAND CORE DRILL DME 20

- Efficient motor with very high drilling performance
- Extremely robust due to full metal body and 3-gear oil bath gearbox
- Reliability and endurance based on mechanical and electronic overload cut-out
- Universal application: hand-held/rig-based (both models) and wet/dry

* Refer to Perfect Concrete Care Price Guide for Rates

* Recommended use with VCE2000 Slurry Vacuum for slurry control

*Skilled Concrete Care Operator Required

Product Code	CCE24	Voltage/Frequency	230V / 50-60Hz
Weight	6.3kg	Nominal Power	2.0KW
Price per Day	\$135	Max Drilling Diameter	160mm

FLOOR GRINDING/PREPARATION

Our professional team can complete a wide range of assignments, including:

- Removing adhesives, paint and epoxies during renovations
- Repairing damaged concrete
- Creating level surfaces
- Preparing floors for polishing or resurfacing.

TYROLIT FLOOR GRINDER / EDGE GRINDER FGE 270

- Increased productivity and grinding performance due to single-head grinding principle
- Dust-free operation because of floating cover in combination with reliable dust collection system
- Edge kit option for grinding near walls and corners
- Dust Extraction Motors: 50-60 Hz

*Recommended use with dust extraction systems, Grinder requires set of three shoes

*Skilled Concrete Care Operator Required

Product Code	CCE20	Voltage	240V / 60 Hz
Weight	53kg	Max Grinding Width	270mm
L x W x H	517 x 370 x 1245 mm	Power	1.5kW
Diamond Shoes	\$80 each	Current	8.3 A
Price per DAY	\$150	Price per Week	\$600

TYROLIT HTC 420 VS FLOOR GRINDER

Flooring contractors set high demands on effective, flexible machines and the HTC 420 lives up to the expectations. The machine handles everything from floor preparation and grinding to fine polishing with ease.

In addition, the HTC 420 can remove tough coatings like adhesive, screed and paint.

- A light and handy all-round machine for concrete, natural stone, terrazzo and wood
- The machine can be used for coarse grinding, preparation, maintenance and polishing

*Recommended use with dust extraction systems, Grinder requires set of nine shoes

*Skilled Concrete Care Operator Required

Product Code	CCE09	Grinding Disc	3 x 180mm
Weight	94 kg	Grinding Pressure Total	65kg
Diamond Shoes	\$80 each	Revolution Speed	300 - 1350 r.p.m
Price per DAY	\$250	Price per Week	\$1000

TYROLIT HTC FLOOR GRINDER 650 E CLASSIC

This is a powerful, effective and versatile machine. The Classic model is fitted with three grinding discs. HTC Superfloor™ – Approved Equipment.

- Handles all wet and dry grinding applications
- Removes adhesives, coatings and screed
- Perfect for hiprefloor concrete floor polishing system. Ideal for polishing natural stone and terrazzo surfaces

*Recommended use with dust extraction systems, Grinder requires set of eighteen shoes

*Skilled Concrete Care Operator Required

Product Code	CCE10	Motor Output	7.5Kw
Weight	320kg	Voltage	3 x 400V
L x W x H	1273mm x 710mm x 1458mm	Grinding Width	650mm
Power required	32 amps / 415V - 5PIN	Diamond Shoes	\$80 each
Price per Day	\$350	Price per Week	\$1500

FLOOREX METEOR 250 EDGE GRINDER

Built on the strength of the MkII model we have been building for years, the Meteor G3 is no small upgrade. The Rugged and Reliable features contractors and hire companies love like the Solid state electrics, the tough induction motor, the reliable coupling and the precision bearing - non marking wheels, are all still the same.

- Surface grinding on concrete, mortar and tiles
- Removing paint, adhesive and other coatings from concrete

*Grinder requires 1 cup wheel

*Skilled Concrete Care Operator Required

Product Code	CCE21	Voltage/Frequency	10 amp / 230VAC
Weight	62kg	Disc Diameter	250mm
Price per Day	\$150	Price per Week	\$600

Floorex Satellite 480 G3 Passive Floor Grinder

Satellite 480 Generation3 is a single phase 230V, reliable Diamond Grinder & Polisher that combines High Diamond Speed with optimum weight for the best efficiency, making the 480 one of the most productive machine in its class.

- Paired with the dust shroud to increase dust containment
- Ideal for grinding concrete, cutting steel, grinding down steel.

*Grinder requires set of 3 cup wheels

*Skilled Concrete Care Operator Required

Product Code	CCE27	Voltage/Frequency	10 amp / 230 VAC
Weight	160kg	Disc Diameter	175mm
Price per Day	\$250	Price per Week	\$1000
7" Diamond Cup Wheel	\$350 each		

POLIVAC SV30 ROTARY SANDER

This tool can be used on materials such as concrete, flint and hard stone.

- 40cm specialised, heavy-duty vacuum sander.
- 3 machines in one - vacuum sander, scrubber, stripper.
- 2880 rpm motor speed
- Drive pad speed - 350 rpm
- Pad size - 40cm (15.7")

*Skilled Concrete Care Operator Required

Product Code	CCE12	Voltage/Frequency	10 amp / 240 VAC
Weight	36kg	Pad Diameter	400mm
Polishing Pad	\$300 each	Motor Speed	2880 RPM
Price per Day	\$150	Price per Week	\$600

METABO 9" DIAMOND GRINDER W/DUST SHROUD

- Metabo Marathon motor with patented dust protection for long service life
- Metabo safety switch prevents unintentional start
- Deadman's switch for high user protection

*Recommended use with Hilti VC40 Dry Vac for dust control

*Skilled Concrete Care Operator Required

Product Code	CCE25	Voltage/Frequency	10 amp / 220v-240v
Weight	5.8kg	Disc Diameter	230mm
Price per Day	\$150	Price per Week	\$600
7" Diamond Cup Wheel	\$350		

METABO 5" DIAMOND GRINDER W/DUST SHROUD

Highest service life for extreme applications: robust, powerful angle grinder with maximum power density in its class for quick work progress

- Now even faster: M-Quick System for tool-free disc change at the touch of a button by means of M-Quick

*Recommended use with Hilti VC40 Dry Vac for dust control

*Skilled Concrete Care Operator Required

Product Code	CCE11	Voltage/Frequency	10 amp / 220v-240v
Weight	2.5kg	Disc Diameter	125mm
Price per Day	\$50	Price per Week	\$250
5" Diamond Cup Wheel	\$250		

MAKITA DIAMOND GRINDER w /Dust Shroud

The Makita GA9040s is one of the most durable 9" grinders on the market. With a 2,400w motor to supply you with all the power you need to carry out any type of works.

Paired with the dust shroud to increase dust containment

Ideal for grinding concrete, cutting steel, grinding down steel.

*Recommended use with Hilti VC40 Dry Vac for dust control

*Skilled Concrete Care Operator Required

Product Code	CCE27	Voltage/Frequency	15 amp/230V
Weight	7.2kg	Disc Diameter	228mm
Model	PC5000C	7" Diamond Cup Wheel	\$350 each
Price per Day	\$150	Price per Week	\$600

HILTI DIAMOND GRINDER DG 150

The Hilti DG 150 is a dedicated grinding system used for high productivity. Combined with Hilti cup wheels and Hilti 50 vacuum for best performance.

- Surface grinding on concrete, mortar and tiles
- Removing paint, adhesive and other coatings from concrete

*Recommended use with Hilti VC40 Dry Vac for dust control

*Skilled Concrete Care Operator Required

Product Code	CCE06	Motor	Electric. Single phase 240V or three phase
Weight	6.3kg	7" Cup Wheel	\$380 each
Price per Day	\$150	Price per Week	\$600

MAKINEX MIXING STATION MS-100

The Makinex Mixing Station MS-100, previously known as the SmartMixx, is the ultimate mixing solution for self-levelling cements, compounds and epoxies, producing a perfect mix every time. Designed by Contractors for Contractors, this portable station provides efficient hands-free mixing and enables fast precision pouring of materials.

- Mixes up to 100kg hands free in only 3 minutes
- Removable dust splash and bucket to keep the job clean
- Lightweight with easy tilt for precision when pouring

*Skilled Concrete Care Operator Required

Product Code	CCE05	Motor	Electric. Single Phase 240V
Weight	9.5kg	Mix capacity	100kg
Price per Day	\$150	Price per Week	\$600

Perfect Contracting offers a huge range of efficient concrete cutting saws and drills, suitable for a range of depths.

From a single core hole to major demolition work, we provide electric and petrol-powered concrete cutting and coring tools for commercial projects and large-scale industrial jobs.

*Dust control operation when a Hilti vacuum is connected - the dust is removed at its source.

HILTI WALL CHASER

This tool can be used on materials such as concrete, flint and hard stone.

- Ergonomic design to reduce tiring
- Easy and precise cutting depth/width adjustment
- Low vibration
- For the installation of pipes and conduits in walls

**Virtually dust free operation when combined with the Hilti 50 vacuum

*Skilled Concrete Care Operator Required

Product Code	CCE12	Max Cutting Width	46mm
Weight	5.6kg	Max Cutting Depth	40mm
5" Diamond Blade /mm	\$20	5" Diamond Blade / Each	\$180 each (2 blades in pack)
Price per Day	\$150	Price per Week	\$600

MALA RADIO DETECTION RD7000

Radiodetection's RD7000+ Utility Locator range delivers accurate, reliable and repeatable performance due to several groundbreaking features.

- Light weight – at only 2.3 kg, the RD7000 range is comfortable to use for extended periods
- Extends the RD7000+'s locate capability into areas where other products fail

* Refer to Perfect Concrete Care Price Guide for Rates

*Skilled Concrete Care Operator Required

Product Code	CCE21	Voltage/Frequency	15 amp/230V
Weight	6.3kg	Max Scanning Depth	2.4m
Price per Day	\$250	Price per Week	\$1000

HILTI X-SCAN SYSTEM PS1000

Providing clear, 2D and 3D images of virtually all kinds of objects concealed in concrete structures, the new Hilti PS 1000 X-Scan system brings non-destructive inspection of concrete structures into a new era. This new detection system which employs the pulse radar principle is able to locate various types of objects, even through several layers.

Provides a real-time inside view of concrete structures and generates true images automatically for direct on-site evaluation of scan data by the user - no expert skills required

Inspection of floors, decks, slabs, balconies, etc. in structures such as tunnels, bridges and buildings

**Refer to Perfect Concrete Care Schedule of Rates

*Skilled Concrete Care Operator Required

Product Code	CCE25	Localisation Accuracy	± 10mm
Accuracy of Depth indication	<100mm: ±10mm >100mm: ±15%	Max detection depth for object localistaion	300mm
Price per Day	\$500	Price per Week	\$2000

HILTI PX-10 TRANSPONTER

Ideal for removing air bubbles from freshly placed concrete in slabs & footings, walls, columns, piers and building foundations.

- Eliminates the need for overhead drilling
- Transposing positions through floors and walls

*Skilled Concrete Care Operator Required

Product Code	CCE11	Accuracy	±5 %
Battery Type	1 x 9 V	Measuring range	0.05 m - 1.35 m
Price per Day	\$50	Price per Week	\$240

CONCRETE CARE ACCESSORIES

TYROLIT DUST EXTRACTOR VCE 2600D

The Tyrolit VCE2600 Dust Extractor is the natural choice for HTC's smaller grinding machines.

- The filter system can be fitted for wood dust
- The cyclone can be raised and lowered, simplifying bag handling

*Recommended for use with grinding machines

Product Code	CCA001	Voltage	240V
Weight	49kg	Motor Output	2 x 1.3 KW
L X W X H	910mm x 600mm x 1610mm	Plastic Bags	\$3/lm
Price per Day	\$150	Price per Week	\$600

TYROLIT DUST EXTRACTOR VCE 4000D

The Tyrolit VCE4000D Dust Extractor is the natural choice for HTC's larger grinding machines. Convincing performance thanks to powerful throughput and reliable filter system. Intelligent change of dust bags via proven longopack system. Additional capability of connection, to drain off harmful emissions.

*Recommended for use with larger grinding machines

Product Code	CCA002	Voltage	370 - 415V
Weight	169kg	Motor Output	4 KW
L X W X H	1065mm x 720mm x 1540mm	Plastic Bags	\$3/lm
Price per Day	\$300	Price per Week	\$1200

TYROLIT WATER & DUST COLLECTION SYSTEM VCE2000

The Tyrolit Water & Dust Collection system can work with all our grinders and a selection of demo saws. To allow our operators to control the dust or slurry created by grinding, cutting and coring to the best of our ability.

Product Code	CCA003
Price per Day	\$90
Description	Wet & Dry Vac

HILTI FLOOR SAW TROLLEY DSH 900

The heavy duty floor cart is designed for small cutting jobs requiring the flexibility of a hand held gas saw and the precision cut and performance of a larger dedicated floor saw.

*Recommended for use with Hilti 16" Petrol Demolition Saw

Product Code	CCA004
Price per Day	\$50
Price per Week	\$200

*Skilled Concrete Care Operator Required

DEMO SAW DIAMOND CUTTING BLADES

Premium-quality range of blades developed for professional users who want top-class performance. Used for a range of cutting equipment.

Product Code	CCA005
14" Diamond Blade / mm	\$15
14" Diamond Blade BUY	\$230

16" Diamond Blade BUY	\$250
20" Diamond Blade / mm	\$35
20" Diamond Blade BUY	\$550

CORE BIT BARRELS

Diamond Core Bits come in a range of sizes to suit core drill for Hilti, Tyrolit, Weka, Husqvarna.

*Various sizes available ranging from 20mm - 600mm
*Contact Perfect Concrete Care for specific pricing

Product Code	CCA006
< 50mm Diamond Core / mm	\$25
< 50mm Diamond Core BUY	\$220
< 100mm Diamond Core / mm	\$30
< 100mm Diamond Core BUY	\$350
< 150mm Diamond Core / mm	\$40
< 150mm Diamond Core BUY	\$500
< 200mm Diamond Core / mm	\$50
< 200mm Diamond Core BUY	\$600

CONCRETE DIAMOND CUP WHEELS

Concrete Diamond Cup Wheels come in different types and a range of sizes, depending on the surface. Used for waterproofing, concrete, rough surfaces and all your building needs.

Product Code	CCA007
7" Diamond Wheel / mm	\$50
7" Diamond Wheel BUY	\$350

DIAMOND GRINDING SHOES

Contains a mix of crushed PCD and diamonds to give a high cutting rate. These shoes are great for various floor preparation tasks such as the removal of coatings, asbestos, glue or any other similar residue.

*Various brands and sizes available
*Contact Perfect Concrete Care for specific pricing

Product Code	CCA008
--------------	--------

MAKINEX HOSE 2 GO

The NEW Hose 2 Go – A constant pressure water supply unit ideal for the Hire and Rental Industry as a dust suppression tool and portable water supply.

- No Pump which means greater reliability
- No complicated electrics to breakdown

*Skilled Concrete Care Operator Required

Product Code	CCA009	Full tank capacity	3.8L / 3.65 gal
Weight	19.5kg	Price per Day	\$30
Pressure		Price per Week	\$120

HUSQVARNA PORTABLE WATER TANK PUMP

This pump is a part of the Husqvarna dust handling system and makes it possible to be completely independent of local water supply. With a capacity of 15L, the battery powered pump will give 20 minutes of effective cutting.

A fully charged battery will give a continuous running time of 2 hours. 2 water flow levels:
- 8.7 psi and a water flow of 3L /min
-16 psi and a water flow of 5L/min

*Recommended for use with Husqvarna Demolition Saw

*Skilled Concrete Care Operator Required

Product Code	CCA0010	Price per Day	\$30
Capacity	15L	Price per Week	\$120

GENERAL TOOLS

The range of tools available for hire is as diverse as the tasks you need them for.

Grinders, drills, water pressure washers, saws, you'll even find standard tool sets and basic landscaping gear at Perfect Hire

You can pick up a range of grinders for a number of uses such as cutting concrete and brick, steel and other materials. There are both corded and cordless options in various sizes below:

HILTI CORDLESS GRINDER 5"

- Powerful battery for high performance and long life
- Cutting and grinding steel and other metals
- Deburring and polishing metal
- Cutting and grinding mineral materials

*Refer to page 23 for disc prices

*Demolition / Construction Labourer Required

Product Code	GT001	Weight	2.7kg
Price per Day	\$35	Price per Week	\$140

MAKITA GRINDER 5"

- Cutting and grinding steel and other metals
- Deburring and polishing metal
- Cutting and grinding mineral materials

*Refer to page 23 for disc prices

*Demolition / Construction Labourer Required

Product Code	GT002	Weight	2.5kg
Price per Day	\$20	Price per Week	\$80

HILTI GRINDER 9"

Our 9" Grinder comes with a variety of discs used for various materials and tasks

- Cutting steel, concrete
- Slitting for installation of cable conduits in concrete and brick

*Refer to page 23 for disc prices

*Demolition / Construction Labourer Required

Product Code	GT003	Weight	5.4kg
Price per Day	\$25	Price per Week	\$100

HILTI RECIPROCATING SAW

Reciprocating saw has metal cutting blades, wood cutting blades, blades for composites, for gyprock, and other materials.

Suitable for tree-limb cutting, demolition work, clean cutting, or contaminated materials. Abrasive coated blades are also available for hard materials like tile and stone.

- Demanding cutting tasks in demolition work
- Cutting masonry, thick wood, heavy-gauge metal

*Refer to page 23 for blade prices

*Demolition / Construction Labourer Required

Product Code	GT004	Weight	4.8kg
Price per Day	\$25	Price per Week	\$100

HILTI RECIPROCATING CORDLESS SAW

High-performance, lightweight tool with long service life and compact design for maximum freedom of movement

- Cutting metal pipes and conduits
- Cutting reinforcing bars, threaded rods and metal profiles
- Cutting window frames, woodwork and plastic

*Refer to page 23 for blade prices

*Demolition / Construction Labourer Required

Product Code	GT005	Weight	3.8kg
Price per Day	\$35	Price per Week	\$140

MAKITA CIRCULAR SAW 9"

Light weight and every detail developed with ergonomics in mind for general timber cutting.

An excellent saw for ripping and crosscut, in everything from ply to hardwood.

General cutting applications in wood, plywood, formwork, chipboard, battens.

*Demolition / Construction Labourer Required

Product Code	GT006	9" Saw Blade	\$25 each
Price per Day	\$25	Price per Week	\$100

BOSCH CIRCULAR SAW 9"

The Bosch circular saw is lightweight and easy to operate. The perfect tool for ripping and crosscutting everything from ply to hardwoods.

General cutting applications in wood, plywood, formwork, chipboard, battens.

*Demolition / Construction Labourer Required

Product Code	GT007	Voltage	18V
Weight	6.8kgs	Price per Week	\$240
Price per Day	\$60	Band Saw Blade	\$10 each

A variety of saws – from jigsaws and chainsaws to reciprocating saws and circular saws – make all cutting tasks simple and easy, while an industrial vacuum unit makes cleaning up after making such a mess a breeze.

HUSQVARNA CHAIN SAW 236

Easy to start and operate with built in Husqvarna features like ergonomic design, facilitating technology and powerful engine with low emissions.

*Demolition / Construction Labourer Required

Product Code	GT008	Motor	2 stroke
Weight	4.7kgs	Chainsaw Blade	\$30 each
Price per Day	\$100	Price per Week	\$400

STIHL CHAIN SAW MS 241 C-M

The fuel supply is electronically controlled and automatically adapts to operating and ambient conditions, ensuring engine optimal performance.

Practical features include the long-life air filter system with easy clean HD2 filter, professional STIHL anti vibration system, controlled- delivery oil pump, captive nut on the sprocket cover and one piece engine cover with three quick- release fasteners. Excellent for harvesting thin wood.

*Demolition / Construction Labourer Required

Product Code	GT009	Motor	2 stroke
Weight	4.7kgs	Chainsaw Blade	\$30 each
Price per Day	\$100	Price per Week	\$400

HILTI JIG SAW

- Dustless and accurate
- Wood and wood composites up to 150mm
- Metals and metal alloys, plastics

* Dust control operation when a Hilti vacuum is connected

*Demolition / Construction Labourer Required

Product Code	GT010	Jig Saw Blade	\$15 each
Price per Day	\$25	Price per Week	\$100

HILTI HAMMER DRILL

Low weight for unique working comfort and key-less quick-release chuck with spindle lock for easy bit changing.

- Drilling in steel and sheet metal
- Drilling in wood with auger bits
- Use of hole saws up to (68mm diameter)

*Demolition / Construction Labourer Required

Product Code	GT011	Weight	2.5kg
Price per Day	\$50	Price per Week	\$200
		Drill Bits	POA

MAKITA IMPACT DRIVER

Three fastening modes provide variable power and speed for precision work and heavy duty applications.

- Compact at only 138mm
- Battery fuel gauge
- Dust and drip resistant
- LED job light with pre and after glow functions

*Demolition / Construction Labourer Required

Product Code	GT012	Cordless	yes
Weight	1.5kgs	Voltage	18V
Price per Day	\$50	Price per Week	\$200

ACROW PROPS

- *Minimum 2 week hire
- *Delivery charges apply
- *Proppers available upon request

Sizes available:
 850mm - 1250mm
 1050mm - 1800mm

Price per Day	\$80
Price per Week	\$360

*Skilled Labourer Required

HILTI DRY VACUUM VC40

- Automatic Filter Cleaning Every 30 Seconds
- Removing dust during drilling, slitting, grinding, cutting and dry coring
- Removing slurry from wet coring
- General purpose cleaning around the job site

*Can be used as a vacuum by itself or used with the Hilti tools: Jackhammers, Diamond grinder, Wall chaser, Electric demolition saw, and used as a part of the Dust removal system.

Product Code	GT016	Dust Capacity	20L
Container Capacity	50L	Vacuum Filter	\$150 each
Price per Day	\$50	Price per Week	\$200

*General Labourer Required

WATER PRESSURE WASHER 4000PSI

This high pressured equipment is suitable for large industrial applications, cleaning of large machinery and graffiti removal

Short cleaning jobs where no electricity is available and powerful performance is required.

+ Petrol charges apply

*Skilled Labourer Required

Product Code	GT017	Pressure	4000 psi
Weight	60kg	Water Usage	15L/min
Motor	4 Stroke Petrol	Pressure Hose Length	10m
Price per Day	\$80	Price per Week	\$360

WATER PRESSURE WASHER 1800PSI

Ideal for general cleaning of paths, pavers, driveways, exterior house walls prior to cleaning.

Delivers more than 30 times as much pressure as a garden hose.

Product Code	GT018	Pressure	1800 psi
Weight	7.2kg	Water Usage	11L/min

WELDING & OXY CUTTING

Welding is a hugely useful method of fusing materials together and plays an important role in many construction jobs. It takes skill and the right tools to weld successfully.

Hire a Mig Mag welding machine. This Smootharc Advance Machine is easy to use, easy to move, ideal for light manufacturing and high quality. Welding torches at Perfect Hire come in a range of styles from MIG and TIG, and are designed with ease-of-use in mind.

You can also pick up the basics such as 1 millimetre welding wire and a CO2 bottle, or even a full oxy kit with trolley, which includes an oxygen and an acetylene bottle, torch, hoses, and steel.

Remember that if you need a welder to complete the job, you can hire a skilled professional up for the task as well.

MIG/MAG WELDING MACHINE

The Smootharc Advance Machine can handle light engineering manufacturing or general fabrication.

Uncomplicated with fully adjustable settings, the Smootharc Advance range gives you greater control across most welding applications, including flux cored or gasless welding.

- Delivers superior performance
- Simplistic front panel design
- Two inter-connecting cables
- Powder coated finish
- Four roll drive system
- Infinite voltage, wire speed and inductance settings
- Fitted with original quality Binzel torches

*includes 4.5kg of welding wire

BOBCATS / SKID STEER LOADERS

Bobcats are similar to excavators in that they shift materials such as dirt with ease, but with a different design so that you can get into smaller spaces and lift vertically. Perfect Hire also has a couple of options so you can match the right machine to the job.

BOBCAT S70

The compact Bobcat S70 skid-steer loader is small enough to get in the tight spots, yet tough enough to get you out.

The ideal size for scooting through narrow doorways, corridors, aisles, alleys and gates, and for working under low ceilings.

*Comes with catalytic converter for use in all indoor works and services.

CORMIDI TRACKED SITE DUMPER/MINI DUMPER

This mini dumper features a huge 600kg capacity bucket, greater stability and lower ground-bearing pressure with an additional rocking roller in the tracked system. It has the narrowest width (695mm) and the highest tipping height (1.675m) in the Cormidi dumper range.

The Cormidi 60 tracked mini dumper can tackle the toughest Australian conditions travelling over mud, rocks, debris, stairs and steep terrain. This machine is perfect for tight access and difficult job sites - it can even fit through a standard doorway.

Product Code	PL008
Capacity	600kg
Tipping Height	1.675m
Width	695mm
Dumper With Operator / Hour	\$60
Dry hire / \$ Day	\$150
Dry hire / \$ Week	\$550

MAKINEX POWERED HAND TRUCK PH

Used to safely lift and load small equipment or bulky goods weighing up to 140kg. It provides a quick and easy alternative to using a forklift or tailgate loader for small loads.

Product Code	PL009
Weight	40kg
Lift Capacity	140kg
Lift Range	Up to 1.9m
Hand Truck With Operator / Hour	\$60

FORKLIFT

- Organizing materials in warehouse
- Moving building materials on pallets
- Loading skip bins (lifting up tub or wheelie bins)

* Fuel Type LPG

Product Code	PL007	Fork Reach	4.29m
Length	1.07m	Load Centre	0.6m
Safe Work Load	1700kg	Rotating Fork	180 degrees
Width	1250mm	Height	2100mm
		Forklift With Operator / Hour	\$70

TRUCKS & TRANSPORT

Make those heavy hauls significantly easier by simply hiring trucks and transport from Perfect Hire. These vehicles run all over Sydney helping large construction companies, tradies and homeowners alike complete difficult jobs.

\$50 tool delivery charge each way, within Sydney Metro (toll charges included) *We do not dry hire vehicles.

TOYOTA HILUX WORKMATE

We use fully equipped and serviced Toyota utes for tools and equipment deliveries.

Product Code	T006	Height	1.69m
Load Capacity	2.8t	Price With Driver / Hour	\$60
Daily UTE Allowance	\$100		

ISUZU TIPPER NLR 275

As a tipper truck – also known as a dump truck – the Isuzu NLR 275 is designed for picking up light loads

You can use it for light deliveries to a site, such as sand, stone, or dirt materials, or you can use it to take materials away to the dump.

We usually load our tipper trucks with 8 Tub Bins that you can fill on your site. This saves you having to double handle site waste as they can be easily wheeled out of the way.

Product Code	T001	Height	2.15m
Load Capacity	5m3 / 2t	Price With Driver / Hour	\$65
Width	1.39m	Daily Truck Allowance	\$200

ISUZU MR TRUCK 5T TRUCK

This truck is perfect removing or delivering:

- Soil
- Sand
- Demolition Waste

The Isuzu 65-190 is a very versatile truck, it can be used to remove demolition waste, sand or soil. The ISUZU MR Truck is capable of handling heavy loads.

You can use it to have sand or soil delivered to site. Its Tipper function means it can be unloaded in just a few seconds.

Product Code	T003	Height	2.3m
Load Capacity	5t	Width	2.4m
Price With Driver / Hour	\$80		

ISUZU LONG TRUCK FVL 1400

The Isuzu brand is a world leader in powerful commercial vehicles. Every product with that name on it is reliable, durable and extremely functional, which is why it is a part of Perfect Hire's Sydney fleet of vehicles that you can hire.

Fully equipped for every site. Perfect for moving:

- Excavators
- Forklifts
- Bobcats
- Building materials

Product Code	T004	GVM	24t
Load Capacity	12t	Height	2.78m
Width	2.45m	Truck Length	9.1m
		Price With Driver / Hour	\$125

RUBBISH REMOVAL

Waste and rubbish removal is part and parcel of any construction or demolition project. And with waste levels on the rise, Perfect Contracting is committed to an environmentally-responsible approach to waste management.

With many years experience in the business, we've seen first hand the impact destructive and inefficient processes can have on the environment, which is why we follow a Restrictive Waste Management Policy based on the "3 Rs": **Reduce, Reuse, Recycle.**

Working with councils, government and commercial and residential clients across NSW, our services are professional and reliable.

For businesses located within the Sydney metropolitan area, we provide same day delivery at competitive prices that include trucks and tip fees.

We also supply asbestos removal at \$400 per tonne, 3t minimum. Client to supply plastic.

ISUZU 850 HOOK TRUCK

SKIP BINS ARE ONE OF THE MOST BASIC, BUT ALSO MOST USEFUL, PIECES OF EQUIPMENT ON COUNTLESS CONSTRUCTION JOBS.

Product Code	T005	GVM	14t

General waste - every tonne over 2t is charged at \$295 per tonne.

TUB BIN

An ideal bin for light rubbish when manual handling or both light and heavy rubbish when using a forklift.

A good idea to use a few of these bins when removing rubbish when there is not enough space or access for large site skip bins.

Product Code	RR006
Length	1270mm
Width	780mm
Height	1100mm
Price per Day	\$10
Price per Week	\$40

*General Labourer Required

WHEELIE BIN

Suitable for heavy and light rubbish.

Product Code	RR007
Length	600mm
Width	700mm
Height	1000mm
Price per Day	\$5
Price per Week	\$20

*General Labourer Required

SLURRY BIN

The perfect option for correct disposal of excess slurry.

Product Code	RR014
Length	600mm
Width	700mm
Height	1250mm
Price per Day	\$90
Price per Week	\$360

*Perfect Concrete Care Operator Required

BROOM EZY

Sweeps up to 10 times faster than manually

Picks up sand, grain, leaves and other small debris

Meets outdoor and indoor sweeping requirements

Good for sweeping warehouses, factories, car parks, retail stores, malls, schools, hotels, railway stations, convention centers, automotive garages and office buildings.

Product Code	RR012
Price per Day	\$40
Price per Week	\$160

*General Labourer Required

SIDED TROLLEY

Our most popular trolley. Light and easy turning.

Ideal for moving building material, demolition material and furnitures.

Length 1210mm x Width 780mm x Height 1190mm

Product Code	RR008
Price per Day	\$20
Price per Week	\$80

*General Labourer Required

PALLET JACK

A handy tool for moving heavy loads on pallets. Perfect for factory and warehouse applications

Product Code	RR009
Load Limit	1.5 tonne
Price per Day	\$15
Price per Week	\$60

*General Labourer Required

PALLET LIFTER

Ideally suited to the transport and construction industry for the safe lifting of pallets using a crane.

Load balancing is achieved by simply moving the lifting ring, using the attached handle, between rear and forward positions. If using a truck mounted crane the operator does not need to manually move the ring, they can simply reposition the crane to alter the load balance.

*Recommended for use with Mitsubishi Crane Truck

Product Code	RR013	Load centre	600mm
Unit weight	225kg	Price per Day	\$50
Working Load Limit	2000kg	Price per Week	\$200

PLATFORM TROLLEY

Small and handy, ideal for moving furniture.

Dimensions: 400mm x 500mm

Product Code	RR010
Price per Day	\$10
Price per Week	\$40

*General Labourer Required

GLASS TROLLEY

Easy to load and unload. Ideal for moving glass, doors and large panels.

Product Code	RR011
Price per Day	\$15
Price per Week	\$60

*General Labourer Required

ACCESS

For some jobs, there's no way to get the task done without the right access equipment. Attempting a high-rise job without the proper access tools will not only compromise your work, it can be a serious safety hazard as well.

Access tools for hire from Perfect Hire including scaffolds, ladders, harnesses, genie lifts, and bolt and tackle gear.

SNAPPY SCAFFOLD

Provides a safe, level work platform.
Packs flat easy to transport and can be carried by one person.

Product Code	AE001
Base	2m x 0.75m
Platform Height	1.2m
Safe Working Load	200kg
Price per Day	\$50
Price per Week	\$200

*Demolition / Construction Labourer Required

ALUMINIUM SCAFFOLD 4.5M

Product Code	AE002
Single Width	0.75m x 2.4m
Double Width	1.3m x 2.4m
Platform Heights	(double) 1.5m to 9m
Safe Working Load	225kg
Price per Day	\$95
Price per Week	\$380

Skilled Labourer Required

GENIE MATERIAL LIFT

Manually operated material lift with multiple base, winch and load handling options to create just the lift you need. The compact, portable design rolls through standard single doorways and loads easily into a pickup truck.

- Legs fold up and attachments are removable for easy storage and loading
- Maneuverable front casters and rear casters with swivel locks and side brakes
- Standard one-speed winch with silent ratchet system
- Optional two-speed winch lets you shift gears on the fly

Product Code	AE005
Load Capacity	454kg
Lifting Height	3m
Price per Day	\$250
Price per Week	\$1000

Skilled Labourer Required

BLOCK & TACKLE

All steel construction: good for industrial environments where dependability is a must. Weatherproof twin trawl brake designed to hold the load during the operation.

Ideal for restricted space applications.

Product Code	AE006
Capacity	1000kg
Standard Lift	3m
Running Test Load	1500kg
Load Chain Diameter	6.3mm
Price per Day	\$50
Price per Week	\$200

PLATFORM LADDER

Good for every type of work required for long periods of standing at great heights.

Product Code	AE004
Price per Day	\$25
Price per Week	\$100

*General Labourer Required

SAFETY HARNESSSES

Providing optimum safety on roofs. Adjustable straps for comfort and fit.

*Recommended with working at heights competency holder

Product Code	AE003
Price per Day	\$25
Price per Week	\$100

ACCESS: HARNESS

For the highest level of safety you can gain while working on a rooftop, opt for a harness system to strap you in case of slips.

While outdoor jobs should be left for temperate weather, these tools are especially useful in slippery or windy conditions.

GENERATORS & POWER

GENERATORS

When your work site is too far from a power source or you're working away from home, a generator will ensure your electric tools have a reliable power source.

Our generators are a robust and reliable solution for providing power to equipment and tools, lighting, appliances, air conditioners, welders and brick saws.
