

# Fimkin

## About

We are a bunch of professionals working under the guidance of experienced business consultants to provide quality consulting services for all your business and employment needs in the UAE. Whether you are facing difficulties with the business setup or procedures or getting necessary sanctions from authorities, we are here to help you to adapt to the latest trends in the trade.

We do those calls and paper works for you to start the business. Once you have started off, we help you in everything from Human resources to employ visas and immigration works. Our translation services are the best in the region with translation works provided in all major world languages. We even have a tourism division that can plan business and vacation trips for you. In short, we are the one-stop solution for all your business needs.

## Company Setup In Dubai

Due to its investor friendly laws and taxes, UAE has been the heaven for new businesses from a long while. Fimkin is set up to assist investors who want to take advantage of this welcoming vibe of the UAE's industry sector. So far we have helped many entrepreneurs set up and grow their business in Abu Dhabi and other Emirates.

We ensure that we attend to all the legal , documentation and accounting requirements for our client's company setup. For this we have recruited the best talents and professionals in the field so that we keep our promise of quality services to our clients.
