

BMC

eStomi has partnered with BMC to provide professional consulting services. Our consultants are established BMC professionals and have been implementing BMC projects for more than decade and a half. They have an excellent experience working in UK, USA, Singapore, Canada, Switzerland, Netherlands, New Zealand, Australia and Middle East. Being a BMC Partner, we ensure to provide best practices to customers.

Some of our Remedy professionals have worked since Action Request System 3.x to 8.x in different domains like Retail Industry, Storage Area Networks, Pharmaceuticals and Telecom. Our Remedy experts can help to provide migrations, upgrading to latest versions of ARS, integrating with other BMC/non-BMC products, re-engineering legacy applications and migrating them as ITSM applications.
