Lasting Memories

The Power of Music & Video

Congratulations... you're getting married!

We're so excited about the BIG news! You've come to the right place. Here's what we offer at Best Day:

- Professional Wedding & Event DJ Services
- Cinematic Wedding Videography
- Affordable Photo Booth Kiosk Rentals

Best Day Weddings & Events is here to help couples such as yourself by offering affordable wedding DJ, video, and photo booth packages. We understand wedding planning can be a stressful and expensive process. Our team strives for stress-free wedding services and packages for all budgets.

As you proceed with wedding planning, we'd love for you to consider Best Day Weddings & Events. With on-air radio DJ experience, and over six years working in the wedding industry as professional videographers, we know our stuff. We can adjust to the style of your wedding - calm or relaxing, or upbeat and energetic. And our music selection is fantastic. We play all music genres and can create custom playlists according to your request. If you have a tight wedding budget, we may be the best fit for your day. We want to mention that "affordable" does not mean cheap. We use the highest quality equipment and take every wedding and event seriously while having fun.

If you are looking for professional DJ, videography, and photo booth kiosk services, contact our team today. Hurry, our calendar fills up fast!

Wedding & Event DJ Services

Why Choose Best Day for DJ Services?

One of the best reasons to choose us is our knowledge of the wedding industry. Since 2015, we've been heavily involved in the industry in a variety of capacities. We love weddings and special events, and it shows when we are DJing, filming, or operating photo booths. Another great reason to choose our team is our affordability without sacrificing quality. Being affordable does not mean "cheap." Our equipment is top-notch. As you probably know, a company may have the highest quality equipment, but it takes people that know how to operate it that creates the experience. With former knowledge in filmmaking and on-air radio, we're ready to give you a memorable experience during your wedding day or special event.

Wedding Videography Services

Why Choose Best Day for Wedding Videography?

Wedding videography is challenging work. You have to be fast, so you don't miss those special moments. Plus, you need a creative eye. Our experience in video goes back to 1997. We love capturing wedding days and special events through the power of film.

When you combine quality, well-shot video with appropriate music, you'll get an emotional end result. This is our goal. Believe it or not, we love to hear that our brides and grooms cry while watching their wedding film. This means we did our job.

Photo Booths and Kiosks

Why Choose Best Day for Photo Booths and Kiosks?

If you're looking for a fun and simple kiosk setup for your wedding or special event, Best Day is the best choice! Our iPad kiosks do some amazing things like video slow-mo, GIFs, filters, custom photo templates, and so much more. Plus, our photo booth packages are very affordable. We can even include a professional, wireless printer depending on the package you choose.

Each package comes with a human attendant to ensure smooth operation during your event. A bonus is the virtual photo booth app. If you have family or friends who can't be at your wedding or event, this app is a great choice to share your day.

BOOKING DETAILS

Booking is super easy and fast. After we've discussed the service and package you prefer, we'll send you an online quote. Please look this over and let us know if you prefer any changes or updates. If everything looks good, then booking is a streamlined experience.

The online quote will move you through 4 easy steps:

- Review the package you've selected
- Fill out the intake questionnaire
- Review and sign contract
- Pay retainer

And that's it! Congratulations. You're now on our calendar.
