Transform Your Boat's Look with Professional Painting Services!

In the heart of Saint Cloud, FL, CV Composites Boat Repair has been providing high-quality boat repair services for years. With a team of experienced technicians and state-of-the-art equipment, they have built a reputation as the best boat repair company in the area. CV Composites Boat Repair has a professional marine expert team that provides top-quality services to keep your boat running smoothly. They specialize in fiberglass repairs, gel-coat restoration, boat painting, transom/stringer replacement, boat detailing, Seadek & carpet services, and marine electrical services.

CV Composites Boat Repair offers a comprehensive range of boat repair services, from minor cosmetic repairs to major structural repairs. We also offer boat carpet maintenance services such as engine tune-ups, oil changes, and winterization services. No matter the issue about painting a boat, CV Composites Boat Repair can handle it. Our team at CV Composites Boat Repair pays close attention to detail in every repair they undertake. We take the time to assess the damage thoroughly, provide you with a detailed estimate, and keep you informed throughout the repair process.
