

# Welcome to Cubilas.com

Looking for custom MPC expansions? You've come to the right place.

You will find a ton of custom created expansions for your Akai MPC - as both immediate digital downloads and preinstalled physical USB/SD cards.

All of my expansions come with full instrument audio previews and pictures and are compatible with your standalone MPC One, X, Live, Live II and Force as well as the MPC Software and MPC Beats software. Click the button below for more information.
