Go Kart Parties ▼

Looking for a birthday treat that is guaranteed to amaze your kids and impress their parents? Go-Kart parties are huge fun for everyone, as kids aged from 4-10 get the unique thrill of driving their own kart and racing against their friends in a Grand Prix afternoon of action that they'll never forget.

Original and different

It can be hard finding something different in the competitive world of children's birthday parties these days, but go-kart party hire in Benfleet, Southend and across Essex is sure to be a stand-out success. Your kids and their friends will squeal with delight when they first see what you've arranged, and they won't want it to end when the chequered flag comes down on the last race.

A choice of kart parties

You can choose between two popular party options, either Essex go-kart party hire or our hugely popular Mario go-kart party hire in Essex, where they can race around with the star from Super Mario Kart and enjoy a Mario themed bouncy castle while they wait for their turn at the wheel. Your party package can include everything you need, from cake and candles to balloons and party bags, even food and drink for their pit-stop. Just tell us what you want, and we'll organise it all for you.

Amelie's Go Karting Party

Fully organised fun

Whichever go-kart party hire you choose, we'll organise everything for you, with two DBS checked children's entertainers on hand to host the games and races and keep your kids safe. You can choose an inflatable kart track to keep your drivers contained, or you can opt for freestyle karting with games like kart football and cops 'n' robbers chases. You'll even get a trophy for the birthday boy or girl and driver's medals for the rest of the guests.

Completely safe

These amazing electronic go-karts for hire may seem like the most thrilling thing ever for little kids, but as a parent you can rest assured that they are completely safe. Each one has wrap around bumpers to avoid collisions and a seat belt for the driver. We can even restrict the speed for younger kids and your hosts have an emergency cut off button that will stop all karts in their tracks.

Book now!

Go-kart party hire has been a huge hit in Essex and we're getting bookings from London, Surrey, Sussex and Norfolk too, so check your chosen dates and book online now before someone else beats you to pole position. If you have any questions, call our friendly team today. We're always happy to help.
