Price List

Estimate

Once you know how many people there are to be photographed, and in what style, you will be able to estimate the cost, (see reverse). Every brief is costed and developed on its merits, and we are here to help at every stage of the creative process. If there is anything you would like to discuss with us please do not hesitate to give us a call.

£500

Option 3 (6 hours)

Shooting time 340 minutes
20 minute studio set up time

£650

General Information

Preparation for the Shoot

From our extensive experience in studio portraiture there are few tips to have a think about to obtain a winning portrait:

- Try and rest well the night before
- If you wear glasses give them a good clean beforehand to avoid smears
- Iron and press your attire, creases are a pain to retouch
- Unfussy clean necklines work best in photographs
- Heavy patterns can sometimes look messy and become a distracton

Hair and Makeup

If you require a hair and make up artist, please get in touch for a quote. Keep in mind that if you would like to have your hair cut prior to the session it's best to do this at least a week beforehand to allow your hair to grow in a bit and look its best.

Retouching

Retouching will be sensitively done and will remove any unusual blemishes or anything untoward like skin shine, this is to make sure you still look like yourself but on a good day. Requests for particular areas to be altered will be noted on the day of the shoot.
