## Rafting and Canyoning

Nepal is second richest country in terms of water after Brazil and an obvious river-runners paradise. One need not necessarily be a professional or a thrill seeker to enjoy rafting or Kayaking in Nepal. A river journey is one of the most enjoyable and effective ways to experience the rural areas, observing different ways of life, culture and natural environments, and coming in to contact with village people the conventional traveler rarely gets to meet.

Canyoning is an amazing full body and mind experience that enables you to explore some of the last forbidden places in the Himalayas. There are about two dozen canyons opened for Canyoning activity where you can experience the thrill of this adventure on the base of world's highest mountains

Many Canyoning trip can be combine with Rafting or kayaking trip as they are just next to big river. We're pioneers of canyoning in Nepal. Trips range from easy day trip to few days.
