CONCEPT

Espionage is a unique game event ideal for companies and groups, who are looking for an exciting way to inspire and engage their employees. It is particularly effective as a team-building platform, or as a reward and recognition activity. Taking inspiration from movies such as Mission Impossible, James Bond and the Bourne series, Espionage places you into a world of secret agents, code breaking and secret rendezvous meetings.

The event is a fast paced adventure, set on the streets. We offer events in numerous cities across the UK. The game involves various tasks and challenges, which in turn require strong teamwork and tactical thinking in order to complete successfully.

For each password cracked, puzzle solved, or challenge completed, a piece of territory (from our specially designed citymap) is awarded to the successful team. All of the gameplay is tracked online so the teams can follow their progress (and also that of their opponents) using the special map and scoreboard on their GPS team handset. This gives the game a thrilling urgency that is unique to Espionage!

PLAYERS

A half day event caters for groups ranging in size from 6 to 60 people. For +60 people, you may wish to consider extending the duration. The game does not require all players to be super-athletic in any way, but instead focuses on playing a fun (and often competitive) game together. The teams are colour-coded Red, Blue, Green, Yellow, Purple, etc. Each team can choose to select a captain, who then co-ordinates their team efforts throughout the mission.

SOME IDEAS WORTH CONSIDERATION

The event is themed around secret agents, and so there are passwords and codenames involved. Team-names relevant to the client's company could be used, and also codes involved can relate to the company.

After the event de-brief and game analysis, we present the winners with certificates and a bottle of wine each.

For groups smaller than 25 people, we recommend providing a player profile on each participant, which is presented during the mission briefing. This acts as an ice-breaker, but also surfaces during the game as a memory test about the people taking part.

If you require any further information, or would like an online demo, please drop us an email at the address below.

MAKING A BOOKING

We would request notification via email as soon as possible so that we are able to secure the event date for you, and commence arrangements. At this we would send out a booking form. We then request that this be completed and returned, along with deposit payment in order to secure the event booking.
