

THE MONETIZER NEWSLETTER

The Sky's the Limit...

Most monetizers only work with cash and BGs, maybe SBLCs

In contrast

**OUR MONETIZER can work with
Cash, BGs, Lines of Credit,
gold, silver, platinum and precious gems!**

Most monetizers only give a LTV of 60% to 65% of face value

In contrast

**OUR MONETIZER will do 100% loan to value
on cash and instruments transactions. WOW!**

2015 UPDATE

Matching Funds Program

OUR MONETIZER will match funds Euro for Euro
500M-1B-2B Euro or more!

MONETIZING 2015

*Asset Rich and Cash Poor?
Working together we can change that in 2015*

Cash On Deposit

Nothing happens faster...

FUNDS never move out of the account, protected by an administrative hold. Monetizing 100% of the cash value in the account.

ESTABLISHED CREDIT LINES based on acceptable bankable collateral.

- Segregated: the Credit Line must be a stand-alone credit line, independent from daily or commercial undertakings of the Asset Owner.
- Callable: the credit line must be callable, wherein the funds could be drawn upon if called on.

Established Credit Lines

Bank Instruments

BCs, SBLCs, LCs

Monetizing is all about the instrument and what's behind it.

Straight Monetization

For example:

78% up to

100%

of Face Value

Depends upon financial structure.

Gemstones (cut and polished or rough) diamonds, emeralds, rubies, sapphires can be Purchased or Monetized. Current appraisal and safekeeping receipts are required with the exception of collections being privately held; those collections must be moved to an acceptable safekeeping location.

Gem Stones

Purchase or Monetize

Two monetizing programs are available:
50 million or more appraised value is required.

Monetizing Metals

Will buy or monetize

MONETIZING or PURCHASING METALS

(only Gold, Silver, Platinum at this time)

Full details (FCO or SCO) to initiate the transaction.

We have an excellent monetizing/wealth management program to generate project funding.
