

FLOORING

Various Options including: **Plain Grass!**(cheapest!)

Circus Ring Mats / Carpet / Marquee Matting / a Mixture / fake grasses

The type needed depends on event requirements / final use and existing surface.

Installation / removal / clean up, especially days of jet washing & drying, is labour intensive.

To aid damp proofing; carpets and matting are laid on ground sheet & nailed though into the ground (note that in inclement weather or on saturated ground, seepage can occur)

The natural choice; traditional, warm and acceptable in most situations.

Coconut Matting colour RED. (light brown available too)

Marquee Matting; Modern "Dandy Dura" Tm. In **NATURAL FLECK COLOUR.**(light brown)

Carpet; mostly anthracite grey used. But many colours available.
Red carpet effects happily done.

Wooden Floor (normally covered with Carpet)

This is the most time consuming method and most expensive.

Prices upon application.

other styles solid flooring available.

Swags, Linings, Decor

Full Linings not normally needed.

But creative decor can be very nice and thematic

Red velvet with gold braid large curved valences

Burgundy small valences, curtains, walls.

IFR fabrics for over-lays, drapes, pole coverings

all materials inherently fireproof and tested to BS5867

prices tbc depending on job.

Dance floors

Ours is currently a black and white one, new 2011

5x5 m or 4x4 m

16 x 16 ft. or 12 x 12 ft.

Cleaned each time.

half a tonne in weight!

Hired alone £350.00

With a tent £300.00

smaller size £250

with a tent £200

coconut matting in natural brown colour available to Marquee Cord /Exhibition style thin carpet or washable Dandy Dura as below

Anthracite Carpet.

red coconut matting makes a fine red carpet too!

"Dandy Dura" Marquee Matting. Polypropylene (Natural Fleck colour) lengths 6m, 9m & 12m, each 1.8m wide.

Jet washed to clean. Takes a lot of work!!

If you prefer CARPET. We use

Marquee Cord /Exhibition style thin carpet

Costs approx. £2 per sq.m when new required.

Large colour & style range. & is cut to fit the shape of tents.

Pre-used often available/condition variable

It is technically fully Recyclable. Due to partying; only sometimes reusable!

Realistically, you get one good use out of new carpet,

if it is salvageable we may keep it and use at "not so smart" events or you may keep it too!

Though we make every best effort, no matter which flooring used, **Pristine condition is only really possible with brand new stock.**

carpet and matting can be used for walkways.

as also shown in red carpet picture above.

We have had every kind in the tents

Twinkly Fairy Light led ones.

Colour Changing Led ones.

Plain brown parquet.

Home made. Simple or elaborate.

What would you like?

WALKWAY / PORCHES

Protect guests on the move!

Framework in metal, roof in white, no walls.

in lengths 2m x 2m, 2m x 4m or 2x 6m

with optional liner in roof.

can be attached/guttered to tent

As a stand alone tent this can be a long thin tent

used to cover trestles tables, champagne for instance.

"Medieval Style" roof porches available now!

2m,4m,6m.
£30-£50-£70.

Linked Tents.

We do our best to gutter tents when linking to try and avoid water ingress.

By adding a further tent to the straight sides of our oval tents you can expand the capacity considerably, or create new rooms.

Reception or Catering tents are often linked to the main tent.

Simple linkages included in the tent hire prices.

nb.. Water tightness cannot be totally guaranteed but we make best effort.

Included
By Request

Fire Exits

Very good idea at public events, with closed wall tents.

We have them in both Red and Yellow and in Red to match the different tents.

They operate with a rip cord and can be fitted with non-maintained lights.

FREE
Included
by request.

Clear-View Panoramic Window Walls !

If you have a nice view, or need people to see inside, or get more day light.

They are more fragile so cost extra £20 to replace a normal wall

Various available, with red or white surrounds.

Walls on all tents according to preference and weather

£20.00

Staging

Not currently in stock

recommended to keep low, due to pitch of roof..

Hired for you / self build / you arrange

Using simple set-ups and incredibly full-on production..

Our Tents have played host to countless bands, DJ, theatre shows, Conferences, Opera, comedy, cabaret etc.

Furniture:

We only have a small selection as there is a massive range available and so it can be better to hire from specialists.

CHAIRS

We have 200 fold up Samsonite chairs in **RED**,
stock of 50 fold up Samsonite chairs in **grey/brown**
if used in rows for audience seating, we can clip them together.

£1.50 each
£1.50 each

European Style wood plank tiers

Tiered Circus Seats, to fit up to 120.

full set tiers £100-150

The "Tiers of a Clown" create a "show-ring" by themselves. single sets £10.00

and can be set up indoors/ outdoors, in full or in sections.

(We can supply a complete outdoor show ring, with all you need coloured or natural
Vintage & Old Fashioned, yet highly effective.

Seats

Other quantities chairs available.
During shows, children often sit on floor.
plus standing at rear

TABLES

hired in for you, trestles or 4, 5 or 6ft rounds
(+ a few plastic tables and coloured cloths available free)

£6-8 each
(approx.)

HEATING

1kw electric white Patio heaters with centre pole clamp £10 each
ideal for smaller tents, or can be clamped on corner poles of pagodas
or bigger;

Thermostatically controlled

Professional indirect ducted marquee heaters
spilt tube to spread heat / single tube smaller tent
thermostatically controlled & only in use when needed
or for smaller tent.. Diesel fired.
(we can advise on your needs)

Arcotherm.
EC 55, 55kw from £150
average use £3-5 per hr.

Single or double tubes.

if operating for more than one night;

Spare fuel can be supplied in returnable jerry cans.
circa-£1 per litre.

Arcotherm
EC 32, 32kw from £150
average use £2-3 per hr
Single tube only

Heat!

Please do not use a paraffin or gas fired space heater inside tents!

You could use oil-filled radiators but you'd need lots!
There are small halogen electric heaters available but

But Indirect heaters are much more efficient and effective.
Located outside tent, powerful and no fumes or CO gasses,
We use oil fired/red diesel/ kerosene

NB: good 13 or 16amp power or generator is needed ,
recommended min 6kw for EC32 and 8KW for EC55 for starter.
running power needed is much less.
