Capacities are dependent

on final use and other items.

Especially the comfort factor required!

nb; dimensions rounded to nearest sensible size!

Most Tents Made in the UK!  
By MUTA Member Companies.

## Tent Number ONE;

Available in two set up styles.

This first listed tent was our original acquired in 2002, given a new PVC cover and walls 2007

## "DOT"

**11m / 35 ft. dia. Small Round Tent**

Central king pole full height 6.1m/20ft

Roof apex 5.5m. Wall height 2.1m/7 ft.

King pole can be square truss or round aluminium.

"Dot" uses the round ends;

add a rectangular mid section and an extra pole and ridge bar and you have

"Dorothy".

## "DOROTHY" ... Our Cute Little Circus Tent.

**17 x 11m / 55ft x 35ft** with FULL size of;

**17 x 15m / 55ft x 50ft including** foyers

17.5ft / 5.5m radius bell ends

Height 6.1m /20ft, outer, 5.5m/ 17ft inner.

Twin steel square truss king poles and ridge bar

**This tent is suitable for Trapeze & other Aerial acts.**

(Lifting equipment is tested and certificated)

This tent has 2 integral entrance foyers/seating/ stage extensions, one is approx. 3x 6m, the other 1.5 x 6m

It can be set up either way around according to preference

We also use this tent for our in house circus shows and performances though we can present non-aerial shows in all of the others too.
