

## ARTIST STATEMENT

A professional with 17+ years experience offering commercial and personal photography services with a high standard of excellence in my work, I endeavor to bring to you my artistic vision and creativity, and offer it with a sincere desire to create what you envision as your goal in your personal session with me and my team.

As you spend time searching on Google for a list of Atlanta photographers who photographs special events, weddings, portraits, fashion, commercial, corporate, headshots, senior portraits, model comp cards, etc., consider what it's like to work with this person. Do they understand your needs? Are they technically proficient in their craft, and equally skilled as a creative artist? Is he a professional, and does he have good ethics?

Price, of all things to consider, in my opinion, for some things, just should be considered as only one (small) component in making the decision you will make in hiring that special photographer who will create the memories you will have for a lifetime. God bless you all on your special journey; I hope we will have the opportunity to work together soon. ...Paul Amodio
