Notes to assist with your choice of wedding car

- Superwed Cars does not own the vehicles but acts as an agent on behalf of the suppliers of the vehicles. The cars are kept at various addresses around the area. If you wish to see a larger photo of a vehicle or if you wish to view a vehicle, please contact Superwed to arrange a mutually convenient time to do so.
- To secure a booking, a deposit of £40.00* per vehicle is required with a completed booking form. Unless otherwise agreed, provisional bookings are held for 14 days pending return of the completed booking form and deposit. Its receipt will be confirmed to you normally by email. The final balance is due by the latest 10 days prior to the wedding.
* the cars that have a single or double asterick ** require £either a £100/200 deposit naturally this comes off your final balance.
- Where very short distances/times are involved, a car can make a second pick up (e.g. to pick up bridesmaids first before returning for the bride). Depending on the actual distance involved we can do this either at no or a small extra charge. (see frequently asked questions for more details)
- Ribbons and sprays are included where possible. Sprays are provided where a car has a rear parcel shelf but please note that the older cars do not normally have this shelf.
- Most cars have allowed for 3 passengers on the back seat and 1 in the front. Remember to allow more space for a more fuller bridal gown. This note is highlighted by the +1 note on the cars.
