Studio Shotz Photography is an independent family run business; this means you get a personable, friendly service and should hopefully feel more secure in that all your requests, however small, will be heard. Every person, and family, is different and so should your photo shoot – it should totally reflect you!

Our Sitting fee is £45
which includes your studio photo shoot and a
7x5 inch Mounted Photographic Print of your choice.

You will be required to pay the sitting fee as your deposit to book in.
This can be paid in person, or over the phone with a credit or debit
card on 01202 432234.

We do welcome animals of all shapes and sizes, however we do ask that you please inform us of this prior to your photo shoot due to cleaning the studio in respect of the next customer.

Our sitting fee is designed for up to 6 people attending the photo shoot; We love shooting large families, however since there are more people it does take more time & more work (it's basically 2, 3 or sometimes even 4 family photo shoots in 1!) We offer a package for £10 per additional family member with an extended shoot, up to an hours shooting time. Please contact us directly prior to booking your shoot.

WHAT TO WEAR?

Please try NOT wear plain white as you will disappear into the background!

Try and be comfortable, wear your favorite clothes or clothes that have sentimental value or mean something to you. Bright colours can work really well for families especially against a white background, if you'd like to co-ordinate but still have your own style get each family member to wear jeans & then have different tops. For a more traditional look (looks that will never date!) try neutrals, so blacks, greys and beiges. And always try to avoid brand logos, red clothing and multiple patterns as they will instantly date your photographs. But most importantly remember to make sure that you are comfortable in what you are wearing. You will be asked to take your shoes and socks off for the photo shoot, so that you have bare feet.

HIGH RESOLUTION IMAGES

All images are high resolution, fully edited in colour and black & white. We do not offer web, or low resolution files.

By purchasing the digital file you are buying the Rights to store, print, reproduce, manipulate and amend the image as many times as you want indefinitely.

We've spent our time and knowledge in the photography field to source the best products, in quality and price! We don't want you to get a cheap, NASTY supermarket canvas. Why pay out for a professional photo shoot and then get low grade quality prints? Especially when we offer such a diverse range of products.

Single Image	£50
5 Image	£125
10 Image	£150
20 Image	£195
+ 10 images	+ £50
All Images from Session	£300
