

Create your own Professional DVD Production.

cost £500

Locations UK

Wedding, Music Video, Special event, Sports, Promotional Video

Filmed by you using professional cameras and edited by our experts.

How it works:

Everything you need to know about making your own video is covered by our online power point, through the link that is sent to you when you book. This link, to tutorials that cover not only the basics of operating the cameras but also what to film and how to make it all fun. You also receive a pre booked 30min telephone conversation with your dedicated editor.

We produce your full dvd fully edited with music of your choice using state of the art cameras and sony Fibal cut pro edited software, and stunning after effects to add a little more magic to your dvd. You choose your tracks when you fill in an edit questionnaire, which we send out three weeks ahead of the day. (You also give us the names and date of the venues. Finally, in the same document, you tell us where the finished DVDs are to be sent.)

We watch ALL of your video footage, pick out the best bits and use our creative genius and years of experience (master degree in film and media, IOV advanced members) to turn your video footage into a video masterpiece.

This package also includes these fantastic additional extras:

- Downloadable website friendly version of your finished DVD to upload to Youtube, Facebook etc- £20
- Re-edit Service giving you the option of making a set of changes to your finished video before we produce your finished DVD - £50
- 5 personalised DVD cases - £100
- 5 extra copies of your finished DVD to share with family & friends- £50
- Queue Jumper - with priority editing, Guaranteed to get your video online in less than 2 weeks - £100

Terms & Conditions

Our service covers the whole of the UK.

You get 1 copy of the finished wedding DVD through the post, while additional DVDs are charged at £15 each.

Available 365 days a year

Vouchers are valid for 6 months - You'll need to book your date within this time. However the actual event can be outside of this timescale.
