Prices for young forestry transplants such as larch (*Larix*), Pine (*Pinus*), Spruce (*Picea*) & Douglas Fir (*Pseudotsuga menziesii*) are available on request.

## TREES

The code **OG** refers to open ground grown trees which are available bare-root from **November to March**, if ordered in advance. Feathered and half standard trees are available in our garden centres as potted plants at **£6.00 above the bare root price**. This is the best way to offer trees in our garden centres and although trees sold in Autumn and early Spring will not be established in the pots, the compost they are in will make an ideal planting medium.

Price each from £  
**Prices of trees without the code OG refer to container grown trees.**

## HERBS

A wide range of container grown herbs are always available in our garden centres from **£1.29 each** or **£11.50 per 10**. Plants are also available in 1 litre pots at **£2.99 each**.

## FRUIT

All prices in the top fruit section are for bare-root trees available **November to March** if ordered in advance. Prices of apples, cherries and plums may differ from those printed depending on the rootstock.

A good selection of pot-grown bush, trained and half-standard trees are available in our Garden Centres at **£6.00 above the bare-root price**. This is the best way to offer trees in our Garden Centres and although plants sold in Autumn and Early Spring will not be established in the pots, the compost they are in will make an ideal planting medium.

## TOP FRUIT

<b>UNCINIA</b>	
rubra	<b>6.85</b>

## GENERAL TERMS

All prices include VAT where applicable but owing to possible fluctuations of the various rates, prices quoted in this list are subject to alteration without notice.

**ESTIMATES & QUOTATIONS** We are pleased to provide quotations for large quantities of trees, shrubs or other plants on request. All enquiries and orders should be directed to our Head Office at:

**St Bridget Nurseries, Old Rydon Lane, Exeter, Devon, EX2 7JY**  
Tel: 01392 873672 Fax: 01392 876710 E-mail: sales@stbridgetnurseries.co.uk

**LIFTING & DESPATCH** The lifting season for open ground plants is between November and March. During this period, as far as possible, orders are executed in rotation with the least possible delay. At the start of the lifting season, however, with many orders in hand (placed throughout the summer) some delays are inevitable. We ask for your patience during this period and to avoid communication with us unless there is a specific reason to suspect something is amiss.

**DELIVERY** We make regular deliveries across Devon for fixed standard charges, regardless of the size of the order. If a small order can be sent more economically by other means we will do so. The following list details our delivery zones and their charges. A more comprehensive list of delivery locations and delivery days can be found on our website.

**Zone A** (Exeter) £7.50  
**Zone B** (includes Exmouth, Ottery St Mary & Crediton) £13.50  
**Zone C** (includes Newton Abbot & Tiverton) £21  
**Zone D** (includes Paignton & Torquay) £26.50  
**Zone E** (includes Axminster & Okehampton) £31.50  
**Zone F** (includes Lyme Regis & Tavistock) £36.50  
**Zone G** (includes Taunton & Plymouth) £42

**FREE delivery when you spend £300 or more.**

These prices exclude the delivery of heavy or bulky items (garden furniture, water features, statues, 10 or more bags of compost) which require two people for lifting. Such orders have an additional flat charge of £20 for all zones, payable regardless of the total value of order. For addresses outside of our delivery zone we offer a mail order service. Please call 01392 873672 or e-mail sales@stbridgetnurseries.co.uk for a quotation.

**PAYMENTS** Payment is required at time of order unless a credit account has been approved.

**CLAIMS & GUARANTEES** Considerable care is taken in the lifting and packing of all trees, shrubs etc., and under normal conditions plants quickly establish themselves. Failure to do this may be due to climatic or other conditions, over which we cannot hold ourselves responsible, as they are entirely beyond our control. We guarantee all our plants to be healthy and true to name and type: If any of our hardy plants or trees should fail within 12 months of purchase, provided they have been properly planted and cared for, we will be pleased to offer a free replacement providing the dead plant is returned for inspection, together with proof of purchase.

**CANCELLING ORDERS** If you wish to cancel an order, please contact our head office. We reserve the right to cancel any order. If your order is for non-perishable goods, you have the right to cancel your order at any time up to 7 working days after receipt. You must take reasonable care of the goods whilst in your possession and they must be returned to us, promptly at your cost. If the item is large, then we can arrange collection for you and will charge you for this at cost. Your statutory rights are not affected by any of these business terms.

**SUBSTITUTIONS** When a particular variety of plant becomes sold out or unavailable, a near alternative will be selected and forwarded unless we are specifically requested not to do so.

**COLLECTION OF ORDERS** We strongly recommend you to collect your orders if possible, for we know you will enjoy visiting one of our garden centres. Orders can be made ready for your collection at any time during the lifting season if you would kindly give us four working days notice before collection.
