Where an item is not available, a suitable alternative will be offered.

This price list supersedes all other published price lists.

AVAILABILITY OF TAP WATER:

We often get asked for tap water at the bar and people seem a little confused or even offended when we say that we are unable to serve it. Quite often people say that we are required by law to provide tap water, so, after discussing the issue with the licensing authority, we hope that this explanation helps.

NEW LEGISLATION – ‘The 2014 order’ which now forms part of the licensing act 2003, states

Free tap water should be provided on request to customers, **“where it is reasonably available.”**

As a mobile bar, we do not have plumbing or taps and therefore tap water is deemed as NOT being “reasonably available.”

We are happy to provide guests with a glass to help themselves to tap water in other areas of the building but we do not permit staff to leave the bar to fetch tap water.

Where the event is being held in a marquee, in a field, miles from anywhere, with no plumbing or taps, again, tap water is deemed as **not being “reasonably available.”**

We hope that this helps.

As always, bottled water will be available to purchase at the bar. **Many Thanks.**
