Extra pages can be added at current market cost per page. Bonus DVD with all images (around 800) of the day "Royalty Free" for clients personal and individual printing only, this does not include the sale or offering any of the suppliers photographic work to third parties or commercial organisations.

£1425:00

Our prices are as quoted with no hidden extras. Getting married can be very stressful coming toward the event, our aim is to take as much of that stress away so you can rightly enjoy your special day. If you have any questions about our services please do not hesitate to contact us and discuss. Our initial bride and groom discussions are completely free of any charges, I will be open with my clients as I know the day and all costs must be accounted for in the wedding plans, however if you have questions on anything please do not hesitate to contact.

This is not an arm of my business and is totally independent.

In the past some clients have mentioned Video, I myself would not undertake video and stills as a package, I do have contacts in the business who will produce a top class reproduction of the day, fully edited and professionally mastered. Having enquired with them recently, the costing for that would be around £3500:00 that is for two operatives and two units plus full edit and wedding to music.

I thank you for taking the time to read this, and hope whatever you choose for the day it goes off wonderfully, and the future for you and your partner will be full of joy and happiness.

Assuring you of our best attention at all times.
