## About us

Caribe photo brings together a team of qualified photography professionals who delicately capture your destination wedding for you, your family and friends to enjoy. Based in Playa del Carmen, we are proud to have served over 1500 satisfied couples in Riviera Maya, Mexico. With dedication, creativity and high end equipment coincide the end result is your complete satisfaction.

We use digital cameras 12 megapixels and higher. To ensure a complete and optimal service we maintain the latest printers as we have our own developing laboratory.

## Services Packages & Prices

### Photography

Caribe photo provides a team of professional photographers specializing in weddings and events that are focused on capturing feelings and telling a story in a natural manner, making sure that unique moments remain unforgettable memories.

### Streaming wedding video

From the video of your wedding you can create a web page with a streaming video file of the most memorable moments of your ceremony to be online the next day. It is the perfect way for your friends and family unable to join you, to enjoy your big day. It will be available online for one week.

### Online Gallery

Just like the Stream Video you can also get a web page with the 30 best shots of your wedding to show or send to your friends and family the next day. It will be on line for 30 days.

### Additional photographer

If you do not want to miss an instant of your wedding you may order a second photographer and get ALL shots by both photographers.

### Video Montage

We can produce a slide show or video file with the best images and files according to your preferences. It is the perfect way to share your memories on a big screen at a gathering with friends and family back home.
