

The engagements Brian accepts are varied, thus prices are quoted individually for each booking. It's really helpful if you can include as much information as possible when you ask for a quote - i.e. venue, timings, type of event etc. Weddings are charged per event (in case they don't quite run to time!), while events such as restaurant bookings and parties are charged by the hour.

As a guide, prices start from:

Wedding ceremony - £250

Drinks reception (up to 1.5 hours) - £250

Wedding Breakfast (up to 2 hours) - £250

Corporate /restaurant event - £250 for up to two hours then £100 per hour.

Discounts are available when booking more than one part of the wedding day as well as for repeat restaurant engagements.
