

How to put your business in your customer's pocket...

TODAY MOBILE USAGE IS BOOMING and customers expect to find you quickly using their Smartphones. But most websites have not been designed with mobile users in mind. Now that's all changed. We can create you a great .tel mobile-ready website with everything your customer needs. It's quick to set up and easy to make changes, and at just £95 per year is great value.

Now anyone using a Smartphone can find and contact your business.

Don't miss out, put your business in your customer's pocket today!

The benefits for you and your business:

- Your customers don't need to pinch & enlarge & struggle to find that elusive contact button!
- Simple one-touch contact links to any phone number or web page as well as all social media!
- Space for a map, video, image gallery & special offer
- Auto redirect to your .tel mobile site when someone taps in your normal URL on their mobile!

To sign up and get your unique .tel domain name, just go here:

<http://eepurl.com/jOwfn>

See for yourself right now – type these businesses into your mobile's browser:

- funkyice.tel
- pryorshayes.tel
- radio-taxis.tel
- abpropertylettings.tel
- dc-graphics.tel

*Everything is included; setup, hosting. Changes during the year are free of charge.

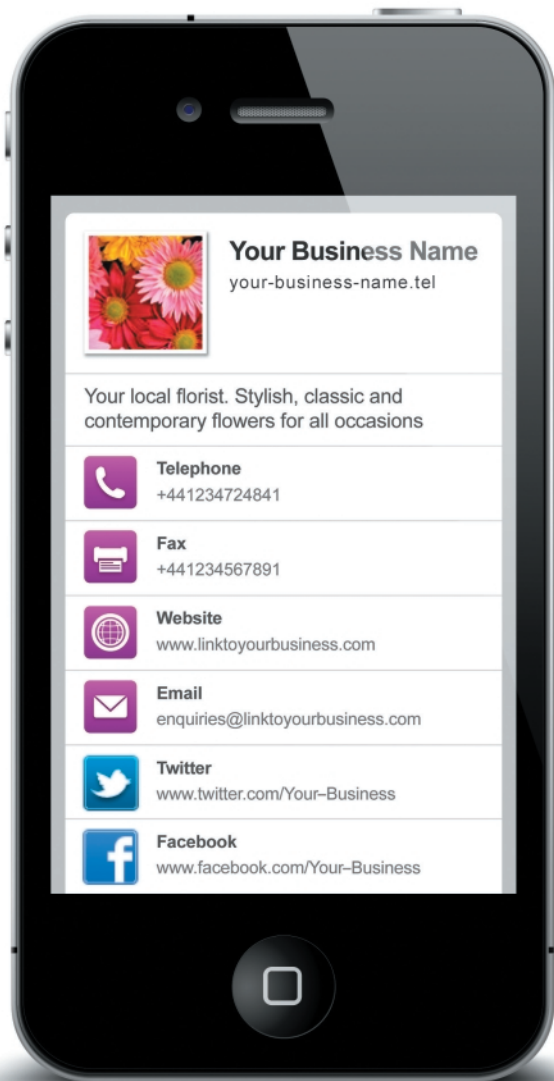

Dot Tel Marketing Smartphone Web Presence

Get a Mobile-Friendly Website for less than the price of a cup of coffee a week!
