The cost of a standard wedding is \$500, naturally I will need to discuss the details before I am able to give you a written quote. Once you have completed your booking form and paid your deposit I will start the legal paperwork and the design for your ceremony.

Price quoted - this is a fixed price for the ceremony discussed and will not change.

A deposit of \$100 is required to lodge the Notice of Intended Marriage and secure this date with the balance being due three weeks before the ceremony. For your convenience I will send you a reminder that the balance is due, when the balance is received I will complete the paperwork required for you to marry.

For your convenience, should you like to make your payments electronically I will provide my account details.
