## THE BOROUGH

In March 2006 we re-opened this grand Grade 2 listed Georgian building as 'The Borough' to the people of Lancaster with the promise to serve honest, quality, locally sourced produce at reasonable prices in beautiful surroundings.

At the core of our business is our promise to you to serve local produce and wherever possible purchase from local suppliers directly. We firmly believe in supporting our nearest and dearest, all our chicken is corn-fed and eggs are free range; our beef, pork and lamb are from local farms in the surrounding hills and valleys. We try to source native, sustainable fish wherever possible and to use local and independent suppliers, keeping our carbon footprint low and our local economy buzzing.

But sourcing the good stuff is pointless without properly skilled chefs, determined to turn it into honest plates of good food. So we invest in that rare breed too.

Thanks for coming

*Hannah, Martin & all the team*
