

# Shadows of Kings

Steel and sorcery clash as the Harhn incursion sweeps through the Hugue. Mankind faces its greatest peril without the Order Knights of legend to defend them. Crusading deep in the frontier, the Order is unaware of the savage beasts threatening their homeland as the Hugue realms muster their armies for war.

Between a cunning Harhn sorcerer, and an alliance forged with the decadent Darkfey, the Horde threatens to extinguish the domains of Man. Only Lord Baudouin and Lady Lucia, a Dragon Maiden from the Order, stand in the enemy's path. One must find the strength to unify the realms. The other must discover the strength within her, while coming to terms with the agendas of her Order. But only together will there be any hope to repel the onslaught, and preserve the future for a mysterious girl they do not know.
