

Outside Landscaping

For driveways or garden paths, try our solid limestone block paving or use our stone for landscaping around your garden and patio. We stock walling and edgers. For that special finishing touch on your patio or garden path, create a low wall or use our edgers as a border around your paving stone.

Installation & Maintenance

We offer a wide selection of adhesives, grouts, cleaning products and sealants.

Free Samples

You can order free samples from our website or collect them from our showroom.

Low Prices

Our prices are always competitive. See our website for seasonal offers or sign up to our newsletter online.

Natural Stone is durable, beautiful, individual, lasts forever and will add value to your property. Make the natural choice with DTStone!

AND TRADITIONAL LIFESTYLES**

INSIDE

FLOOR AND WALL TILES

Come to our showroom or visit our website to see our full range of flooring and wall tiles. We have a large choice of styles and finishes as well as different types of stone from around the world.

Use our tiles for your bathroom and kitchen as they are individual, resilient and water resistant when sealed and will provide a unique finish, lasting a life-time, while not losing their beauty.

We import our own stone and so can provide consistently low prices. Come and see our ranges of travertine, slate, limestone, sandstone and marble, in our showroom or visit our website.

Limestone is a hard and durable and so is an ideal material for floors and walls. Travertine is a popular choice being inexpensive and easy to lay as well as being exotic like marble. Both slate and sandstone can be used for the more traditional environments.

DELIVERY

SHIPPING AND RETURNS

We use a fast and reliable 3-5 day service by national carrier. The driver uses a hand-operated pallet truck and will endeavour to get your order as close as is safely possible to your property. Should you require a specialist dedicated delivery vehicle we can organise that.

You can opt for a timed delivery or a Saturday morning delivery at extra cost. Once you have placed your order the goods are normally be dispatched within three working days.

We have a no quibble return policy. If you want to return something, for any reason at all, that's alright. Our full returns policy is on our website - www.dtstone.co.uk

OUTSIDE

PAVING AND LANDSCAPING

Natural stone is ideal for patios, paths and driveways. Whether paving stone or landscaping rock, real stone adds another dimension to a garden design. Natural and rugged with an endless variety of colours, stone will complement your planting and patio area.

Slate is extremely durable and has a low tendency to absorb water which makes it very resistant to frost damage and breakage due to freezing. Sandstone and limestone are very stable, come in a variety of colours and are strong and durable.
