What can you expect from our courses?

At ETC we have a General English course for everyone.

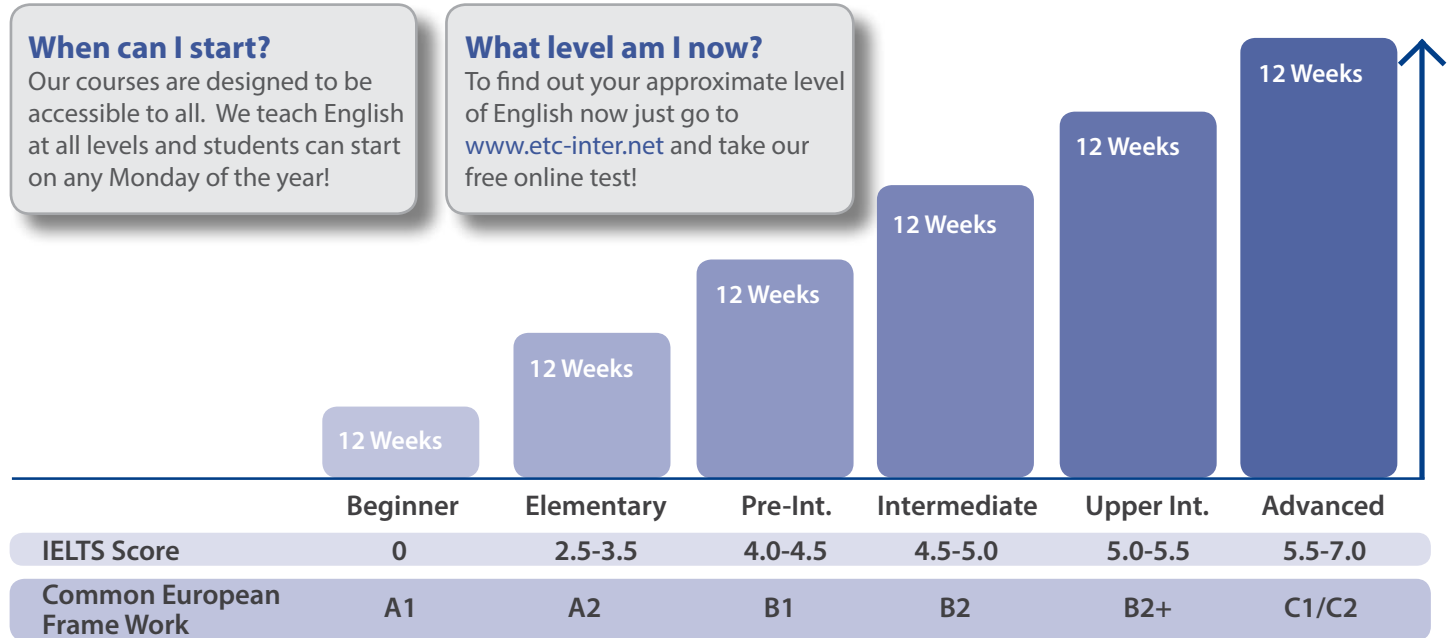

You can consolidate your learning by adding afternoon classes to your morning schedule.

When can I start?

Our courses are designed to be accessible to all. We teach English at all levels and students can start on any Monday of the year!

What level am I now?

To find out your approximate level of English now just go to www.etc-inter.net and take our free online test!

Our Teachers

All of our teachers have been selected for the high standard of their knowledge of teaching and training techniques. We only employ teachers who have a proven record of success and all of our teachers have a minimum of the industry recognised teaching qualification; most of our teachers have much more than this. Find out how we train our teachers on page 14.

How quickly will I learn?

Each level takes an average 12 weeks to complete and you will be continuously assessed by your teacher with a test at the end of the course. If you achieve a particular CEFR score, you will be invited to progress to the next level! Some students take less than 12 weeks to go from level to level and some longer. At ETC we are aware of this and adapt our classes around you.

How will my progress be monitored?

Every student at ETC has regular progress tests and a proficiency test every 6 weeks to check their level against the 'can do' statements of the CEFR descriptors. Students are constantly monitored to ensure they are making good progress.

Great teachers, a fantastic location and people from all over the world.

Our courses give you the chance to learn the English you need for your job or studies.

Common European Framework of Reference (CEFR)

Our General English courses are based on the CEFR levels so you know specifically what you will be learning throughout the course and can be assured your certification is recognised worldwide. We have structured criteria for each of the levels assessing **Reading, Listening, Speaking, Pronunciation, Grammar, Vocabulary, Writing and Orthography.**

CEFR was introduced by the Council of Europe as a guide for Learning, Teaching and Assessment of languages. The framework is used to describe achievements of learners of foreign languages across Europe. The main aim of CEFR is to standardise methods of learning, teaching and assessing, applied to all languages in Europe. The six reference levels (see below) are becoming widely accepted as the European standard for grading an individual's language proficiency.

Levels

We run English Language (General English) courses at six levels:

1. A1 (Beginner)
2. A2 (Elementary)
3. B1 (Pre-intermediate)
4. B2 (Intermediate)
5. B2+ (Upper-intermediate)
6. C1/C2 (Advanced)

Assessment and Certification

Every student enrolled on any course at ETC gets a certificate when they go home*. Our certificates show your level of English and a breakdown of your skills in reading, writing, listening, speaking, grammar, vocabulary and pronunciation. You will also get an assessment of your progress on the course from your teacher.

*N.B Certificates will only be issued if your attendance is 80% or above.

What our students say:

First of all, I was in ETC in 2005. The time I had at school was absolutely fantastic. Especially the teachers are very enthusiastic and passionate in teaching English for students and introducing something British. They have delivered me not only good English language, but also more opportunities in relation to my future. Owing to such high standard education I could manage to enter University of Nottingham for my master's course in civil engineering. Fortunately I have completed my study with good result and have found a job in Norwich. I am very much excited with the new life.

Jin Su Im, 2008.
