1 day tours from Panama city to the Pearl islands

The Pearl islands are located about 40 miles South of Panama city. We will leave Panama city around 8:00 am and head straight out towards the Pearl islands looking for the dolphins (and if we are lucky, whales, too) the entire time. We can enter the water and swim with the dolphins, if they show interest in us doing so and the water conditions are safe. We can stop and snorkel at a reef area also in the Pearls and have lunch on Contadora island at a local restaurant before we head back to Panama city arriving around 5:00 pm. We have a 85% chance of seeing dolphins and about 50% of seeing whales November-June (peak whale season is July-October with 99% success) on this tour.
