Brooklyn Local 1

75cl 9.0% £20.10

Blonde Ale, Brooklyn, New York

This beer is made with barley malt and hops from Germany, aromatic raw sugar from Mauritius and yeast from Belgium. Behind the full golden colour you'll find an alluring aroma, a dynamic complex of flavours. Belgian flair, Brooklyn fortitude and a dusting of Brooklyn's special yeast. To create this beer, they use the old technique of 100% bottle re-fermentation, a practice now rare even in Europe. It gives this beer a palate of unusual depth

Sierra Nevada Hoptimum

60cl 10.4% £19.30

Imperial/Double IPA, Sierra Nevada, California

A group of hop-heads and publicans challenged Sierra Nevada to push the extremes of whole-cone hop brewing. The result is this: a 100 IBU, whole-cone hurricane of flavour. Simply put —Hoptimum: the biggest whole-cone IPA the brewery has ever produced. Aggressively hopped, dry-hopped, AND torpedoed with exclusive new hop varieties for ultra-intense flavours and aromas. Resinous "new-school" and exclusive hop varieties carry the bold and aromatic nose. The flavour follows the aroma with layers of aggressive hoppiness, featuring notes of grapefruit rind, rose, lilac, cedar, and tropical fruit—all culminating in a dry and lasting finish

Anchor Small

65cl 3.3% £11.80

American Pale Ale, Anchor, San Francisco

The tradition of brewing two distinct beers from one mash has existed for thousands of years, and for centuries the term "small beer" was used in English to describe the lighter and weaker second beer. The Old Foghorn Barley wine is made from the rich first runnings of an all-malt mash, and Anchor Small is the attempt to duplicate the "small beers" of old by sparing that same mash
