Additional frame costs

Larger frames cost a little more and certain frame mouldings

Also cost more and will be specifically quoted for you.

Photo books are quoted depending on the dimensions of the book, supplier and the number of pages

Small photo books are sold in pairs £225.00 for two books containing ten images and five (double) pages

Electronic images & unframed prints

Small electronic images can be bought at low resolution suitable for emailing or for use on a website. These cost £25.00 each including VAT

I do not sell electronic images suitable for printing because the results of non-specialist prints could be quite disappointing in comparison with professional prints.

(I will explain why and show examples of typical results on a non-specialist paper and with a normal printer at the viewing)

Unframed images are not generally provided unless the image has been bought in another product, e.g. framed print, acrylic canvas or book
