It's a refreshing drink which contains Aloe Vera juice and no added sugar to give your water a refreshing tropical taste. It is a new large size (473mls) and provides 31 servings. What customers say: This mango flavor is great. I have tried other aloe drinks from the health food store, but this one is the best I've ever tasted & it really works!! I was recommended this product from a friend and WOW I couldn't be happier. I would definitely recommend it. As far as taste, it's delicious, I drink 3 cap fulls with 4oz of water, it's pretty strong but good. u can dilute it depending on how you prefer. It's not sour, just a little sweet & tangy.
