# SELECT

Clients have access to suitably experienced candidates and have the full support of an industry specialised consultant who will manage the search and selection process.

This means no junk CV's in your inbox !!!!!

# PLACE

We are that confident of our contract staff that we place them on a one day notice period for the first week and permanent staff on a three month claw back.

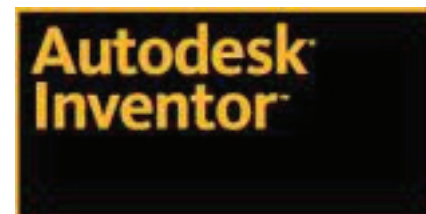

# DONE.

Q. *“DO YOU REALLY NEED TO SPEND THOUSANDS ON CAD EQUIPMENT ?”*

A. *“NO, CYTEC HAVE GOT THE PERFECT SOLUTION”*

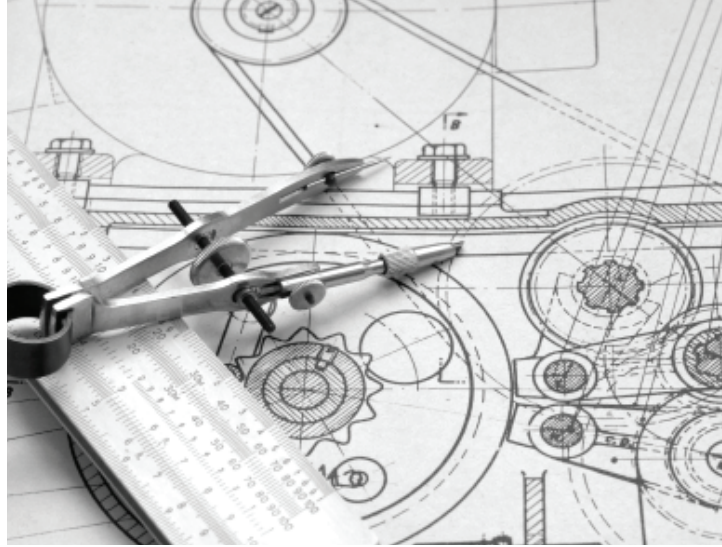

## MAN AND MACHINE

When we supply our clients with design contract staff we can also supply relevant CAD Hardware and Software, covering several of the top CAD packages to complete the job.

GOT THE WORK BUT NO SPACE ?

WHY NOT OUTSOURCE IT TO CYTEC'S EXPERIENCED DESIGN TEAM.

We have undertaken Design work ranging from a couple of hours work to several months. All within a variety of different engineering disciplines

# THE DEVIL IS IN THE DETAIL

Cytec have a team of build technicians that are involved in the prototype build of clients products. They are there to bridge the gap between the CAD Design through to the final production build.

The assembly of the prototype machine

RED LINE marking Mechanical, Electrical and Pneumatic drawings

Modifying cable looms

A users point of view for operating the machine

The creation of Bills of Materials

Assembly instructions and special build notes, with photos if necessary.

## ONE STEP FURTHER

We are also able to collate the above information and modify the existing drawings according to the RED LINE markups through to production engineering.
