PRE-INSTALLATION SPECIFICATIONS

LA MARZOCCO

INSTRUCTIONS FOR PLUMBER, ELECTRICIAN, ARCHITECT OR DESIGNER, OUTLINING THE SPECIFIC REQUIREMENTS PRIOR TO INSTALLATION OF A LA MARZOCCO ESPRESSO MACHINE

ESPRESSO MACHINE SERVICE AREA

A dedicated open space directly under the counter measuring at least W 450mm x H 450mm x D 300mm, for filter, motor and pump. NOT behind a fridge or wall.
Thick wood or similar mountable surface required on side of back lining of under counter area with a minimum thickness of 16mm.
A 70mm hole through the counter, for water pipes and electrical cables. Hole will be drilled by the technician installing the machine with the exception of concrete, stone or similar worktops.

WATER SUPPLY

Must be a dedicated cold water outlet and should enter the service area low on either side and near to the back surface within 1 meter of the machine. 1
Fitting must be 3/4" BSP thread to receive a standard 3/4" female water hose.
Filter and housing will be set by technician.

WASTE OUTLET

A 40mm diameter drain-pipe with trap is required. 2
Drain hose from machine to trap will be provided by technician.

ELECTRICAL SUPPLY

Must be a dedicated 240V single phase supply with specific current protection ratings as per machine specifications.
Single phase SP&N commando outlet to be mounted high on side of the under counter service area with sufficient access. 3
Male plugs will be provided with machinery.
A standard 13 Amp supply located close to the espresso machine for the grinder. 4
Motor and pump will be wired and fitted by technician.

IMPORTANT NOTE

All additional services should comply with the requirements of the respective Regulatory and supply authorities.

TERMS & CONDITIONS

LA MARZOCCO

1. The present price list replaces all previous price lists.
2. Prices are listed in Sterling £ and are exclusive of other charges such as Value Added Tax.
3. All new espresso machines come as standard with a full 12 months parts and labour warranty to include free delivery and installation.
4. For any other information pertaining to our terms and conditions in regards to the sale of La Marzocco or for specific lead times, please call Ue Coffee Roasters and ask to speak to a member of the technical support team on 01993 706767 or alternatively you can email support@uecoffee.roasters.com
5. Customisation of your La Marzocco is available along with any special request, these are quoted for on a case-by-case basis and may require additional lead times.
6. All rental prices quoted are based upon an average rate of finance and these figures may fluctuate subject to your business status and they do not substitute a contract between Ue Coffee Roasters Ltd and the customer until a contract has been formally entered into with our finance company.
7. All prices quoted for service contracts are offered subject to new agreement being taken out with the supply of new La Marzocco espresso machine supplied by Ue Coffee Roasters Ltd.
8. Service contracts will become null and void if your espresso machine has not undergone a fully managed filtration exchange program at the correct exchange interval. We recommend that a filter exchange is carried out once every 6 months as standard. Busier and heavier volume locations may require a more frequent filter exchange interval and for these locations we recommend that a digital water management filter is fitted at installation.
9. We are unable to confirm that any loan machine supplied will be to the same make, model or specification of machine being worked upon.
10. Service contract rental prices are based upon cover for years 2+3 of agreement and contract can only be taken out at point of purchase.
11. All rentals are subject to credit status and a guarantor may be required, the minimum rental term is 36 months and underwritten by Armada Asset Finance.
