

Thank you for enquiring about hosting a lunch party at The Vineyard Café, I have enclosed the menu option we are doing for this season from which you can make your selections.

For larger parties booking at The Vineyard Café we can only offer a set menu, consisting of large platters for each table.

We require confirmation on numbers if possible no later than seven days before your planned visit. This is to enable us to continue our high standards of food and service, which I hope you can understand, as we operate from a very limited space.

We will organize these details with you before the lunch; needless to say if there are any dietary conditions we will try our best to accommodate this if notified before the event.
