Millers Westbourne Gin

Millers Gin isn't made like an ordinary gin. When the distilling and hard work is done in England, they take it on a round trip to Iceland to blend it with the purest Icelandic spring water. This creates a stunning gin with strong juniper flavours and a subtle spiciness. We recommend trying it with our homemade tonic syrup and loads of fresh lime juice.

The fruit botanicals used to flavour the gin are handpicked and it's distilled four times to create an intense, fresh and smooth finish despite its relatively high abv of 47.3%. We don't think you can get a better gin martini than a Tanqueray 10 martini. Perfect with a mammoth olive!
