Wedding coverage collections start from £1450. Dates book quickly (12-18 months in advance) as couples get in touch daily, so do say hello and tell me about your wedding. I would be honoured to be a part of your big day.

There is great skill in telling the entire story in a single photograph. I take a photojournalistic approach to weddings, saving those moments that make the heart sing.

Stories move you. Engage you.
Encourage you to laugh, cry and love. A wedding is not an isolated set of individual photographs. It's a story.
A celebration of two people in love,
shared with family and friends.

Kamal committed to telling the story of each wedding - preserving genuine, precious and fleeting moments from creative fine-art and photojournalistic perspectives.

Kamal cares about every couple, every wedding. The intention behind each is firm: create a unique story - the couple will fall totally in love with.

Kamal always smile, because weddings are fantastic fun and wonderful unique events that deserve to be captured beautifully. From start to finish, nothing excluded.

Why leave when you love what you do?
You don't, you stay. You push boundaries
and do everything to see couples
blown away by their wedding story.

A story that remains with you for the rest of your lives.

Zydre has been working as a makeup artist in
a fashion and beauty
industry for over 4 years. She is an award winning makeup artist.
I attended some short courses and seminars,
The School of Val Garland
being the latest one.
But I like to consider myself as a self-taught
artist since I researched and experimented
on my own to learn my lessons.

Being a makeup artist I am not only fascinated by
color and art but
also meeting new faces. I get inspired
not only by the visible beauty,
but also the souls that lives inside.
