2013/14 Wedding Brochure

Introduction

Welcome to my 2013/14 Wedding Photography brochure and may I offer you my congratulations on your engagement!.

A short introduction to myself, I was born in 1989, and I have been photographing since 2002, covering weddings, sport and events. I originally decided to take up wedding photography, because I have such a big passion for it. I get such a buzz from capturing weddings into beautiful imagery, that will spark memories that last a lifetime.

I am based just south of Norwich, but I am willing to travel to any location within England and abroad to photograph your big day. I would describe my photography as contemporary, which aims to capture all of the moments and detail that you might not get to take in on the day, as well as the specific formal photos that you request I capture throughout the day.

I hope that this brochure can be of help to you, and if you have any queries, please get in touch – you can find my contact details on page 3 of this brochure.

Pre-Wedding Shoot

A pre-wedding shoot is a great opportunity for me to get to know the both of you, as well as getting you used to me and my photography, being relaxed in front of the camera, which will mean that you are both as comfortable as possible when it comes to the big day, which results in nice natural imagery.

The shoot can be held at a location that has special meaning to you, or somewhere with a nice backdrop, in order to create a great set of images.

The photos can then be used as part of your final wedding album, in order to create a complete picture for your album from engagement through to wedding day.

Post-Wedding Shoot

If you're keen to have some photos taken in your dress/suit, but either didn't get time to take as many as you wanted on the day, or simply wanted to enjoy your day and worry about photos after your wedding, why not book us for a post-wedding shoot?

This shoot is open to clients who have already booked their wedding with us, or are interested, as well as couples who have already had their wedding. This shoot can also be bride only, or bride and groom.

Testimonials

You were brilliant! You worked so hard to capture every special moment for us, which you managed to do. Turning up at 8.30am was great as you captured the day right from the start, and you stayed on well into the evening. Your patience on the day was appreciated and the pictures reflect the hard work that was put into the whole day from your perspective. You can guarantee we would recommend you to ANYONE who need a GREAT photographer! You have helped us keep those memories of our perfect day by the great images you captured. Everyone who we've spoken to and who have seen the pictures thinks that they are fabulous.

Thank you once again for your hard work

Tai & Glen

You did a fantastic job and I'm really pleased with the results and the photos. It was at times a challenging afternoon and evening but you handled everything with real professionalism and good humour so thank you for that too! Thanks again for doing such a great job for us

Tracy

Just wanted to say a very big thank you for taking some absolutely brilliant photographs at my daughter's wedding. You really have managed to capture the whole day's events and we will treasure the memories of the day that you have turned into a pictorial masterpiece.

Julia and Geoff

Thank you Aaron for making our day so special, the pictures are looking amazing!

Justin and Tracey

You were very hardworking and helpful throughout the whole process. You were always at hand before the big day, with help and general advice. On the day, you worked really hard, being at every angle to catch the magic of the day, and always obliging with to any extra shots we needed. After the wedding you kept us updated on what was needed, and how long it would take. We would both recommend you for any occasion that needs a photographer. To us, you were perfect in every way!

Frequently Asked Questions

Can you produce parents albums?

I can produce parents books and pocket books, in addition to your main album – we can discuss this at our pre-wedding meeting.

Will we need to feed you on the day?

If you require photography until after your dinner, then I do ask that I am provided with a meal.

We would like our guests to view a small selection of your photos on the day – is this possible?

You can include a digital photo frame as part of your package, and 5-6 photos are displayed during the dinner so guests can view in the evening – this is yours to keep after the wedding. Alternatively, I can load onto your own digital frame if you have one.

How soon after the wedding will I receive my photos?

Your images are normally ready between 3-4 weeks after your wedding – I contact you when they are ready, considering honeymoons etc, in order to plan our post wedding meeting.

We are interested in booking you for our wedding – what should we do next?

It is best to contact me as early as possible, in order to secure the date. In the first instance, please email me with the basic details, and I'll then contact you to arrange a meeting when convenient for you.

Do you require a deposit?

In order to secure the date, I require a non-returnable £100.00 deposit, with the remaining balance paid six weeks before your wedding day.

Do we need to sign a contract?

In order to book my services, I will require you to sign a wedding agreement, which will secure the date for your day.

Do you hold insurance?

Yes - I hold several types of insurance, including public indemnity and professional liability. I also backup my images during the wedding to protect myself against equipment / card failure.

If you have any questions which I have not covered in the above, please don't hesitate to contact me on aaron@aaronmurrellphotography.co.uk
