wedding photojournalism

Couples choose Jonathan Brown as their wedding photographer for both his beautiful, contemporary photographs and his relaxed and fun approach to wedding photography. Jonathan is a full-time professional photographer who specialises in informal, reportage photography which creates stylish and distinctive wedding photographs.

Our wedding photography is designed to allow you to enjoy your wedding day, safe in the knowledge that you will have a collection of beautiful images of one of the most important days of your life. Our aim is to capture the story of your day with a unique record of the special moments for both of you, your families and your friends.

We understand the time constraints on a couple during their wedding day, so we strive to provide an unobtrusive photographic coverage that is comprehensive and gives you the style of photography you want, yet doesn't take over your day.

We document your day as it unfolds, capturing all the moments and emotions that tell the true story of your wedding as they happen. Most of the time you will be unaware that you are being photographed, leaving you free to enjoy your day, spending precious time with your family and friends.

For most packages, we start from early morning preparations at the bride's home/hotel, throughout the ceremony and on to the reception, creating a series of images that will allow you to relive all the special and magical moments of your wedding day in years to come.

We aim to provide you with a truly bespoke, personal service. Jonathan will be the photographer at your wedding, offering skilled observations of your day from different perspectives to create memorable images that you will cherish forever. In 2011, he was accepted as a member of the prestigious

and internationally renowned Wedding Photojournalist Association.

After you book our services, Jonathan will meet you, usually several weeks before your wedding day, to discuss and fully understand your requirements. We'll plan your wedding photography to ensure it is accomplished with minimal disruption and maximum creativity. This also enables us to get to know each other better, which means you'll both be more relaxed on the day. This pre-ceremony meeting will usually be at the location(s) of your ceremony and/or reception.

For full day photography, we typically create at least 400 proof images. We proof all the images on CD along with a slideshow of selected finished images.

If you want your photographs presented in an album, simply let us know your favourite shots, which we'll hand-finish for your album. Your selected images can be in any combination of colour and black & white. You can have as much input into the design of your album as you want!

Alternatively, we can supply high-resolution digital files for you to create your own prints and album.

We hope this brochure has given you an understanding of how we work with our clients to create the perfect wedding photography for them. The next step is usually to arrange to meet at your home for an informal chat and for you to view our portfolio albums. We've photographed weddings at most venues in North East England and, if we've covered yours, we'd love to show you a slideshow of our photographs from your venue. Weekend and evening appointments are always available.

We've lots of experience of working for couples who have chosen to get

married in the North East, but don't live in the area. Just contact us for an initial chat by phone, Skype or email.

If you'd like to see more of our work before arranging to meet, you'll find hundreds of our wedding photographs on our website www.brownsphotography.com.

We look forward to hearing from you on 0191 285 7004 or info@brownsphotography.com as we'd love to chat about your wedding photography.

PRICES

We offer three packages with a selection of albums, or alternatively, photography only or photography with hand-finished digital files supplied. These options are described below. If your idea for wedding photography is not included, please ask us for a bespoke quote.

All packages include pre-wedding meetings and a presentation proof CD of all your wedding photographs. Your photographs are also displayed on our website for family and friends to view and, if they wish, purchase. If you book an album package, just let us know if you'd also like medium-resolution digital files of your images to make your own prints.

We use gorgeous, high quality albums from Jorgensen of Australia and Graphistudio in Italy. The stylish Jorgensen albums contain mounted photographs, whilst our contemporary "wedding books" from Graphistudio are magazine style. Your album will be individually designed to present a complete story of your wedding day. Additional pages can be added to all albums, with prices ranging from £15 to £35 per page depending on which album you have chosen.

*Album and digital files packages have two prices. The first price includes photography from early in your day until you sit down for your wedding breakfast, whilst the second includes additional photography until your first dance.

The Reportage Package £1200 or £1500* Includes photography and a twenty page 12" by 12" Jorgensen Studio album, or a thirty page 12" by 8" Graphistudio album.

The Art Package £1600 or £1900* Includes photography and a thirty page 14" by 11" Jorgensen Pro Art album or a forty page 14" by 10" Graphistudio album.

The Luxe Package £2100 or £2400* Includes photography and a forty page 16" by 12" Jorgensen Pro Art album or a sixty page 16" by 12" Graphistudio album.

Photography & Digital Files £1400 or £1700* If you don't need us to provide an album, but you'd love to have hand-finished digital files, this is the package for you. Just choose your favourite 250 images for us to supply as hand-finished high-resolution files. In addition, we supply twenty 10" by 8" hand-printed and mounted prints in a presentation box. They are selected by us to provide a beautiful record of the story of your day.

Photography Only

If you haven't decided how you'd like your wedding photographs displayed, we can shoot your wedding on a photography only basis.

We charge £125 per hour for this service. For weddings on Saturday or Sunday during May to September, there is a minimum booked time of 4

hours. This falls to 2 hours at other times. After your wedding, you may wish to order an album, a collection of prints or digital files.

Parents Albums

Parents albums are priced from £250 for your selection of twenty 7" by 5" prints. If you choose a Graphistudio album, smaller copies of the main wedding album are available priced from £250.

Prints and Digital Files

Prints can be ordered directly from us or via our online ordering service. Prices start from £12 for a 7" by 5" print. We also offer hand-finished high-resolution digital files, which are charged at £5 each. In addition, a large range of framed photographs, canvas wraps and acrylic prints are available.

Please contact us to arrange to view our portfolio albums or to ask any questions. We hope to hear from you soon!
