The Winchester Suite is best suited for functions between four hundred and a thousand. Runnymede and Sunningdale make a great room for functions between one hundred and four hundred people. These numbers are based on ten people comfortable sitting around a six foot round table. With the lovely gold chairs (other designs available) you can see on our website [www.thelordrobertscentre.co.uk](http://www.thelordrobertscentre.co.uk) it is possible to lay the table for eleven or twelve people if required. The prices shown above are a guide. At The Lord Roberts Centre we are very flexible and unlike many places we encourage you to use your own caterers. No matter how large or small your budget, once you have hired a room from us it's entirely up to you to design the room how you want it. With our new up lighting system we can colour wash the white drapes to match your theme.

Please call 01483 485522 and ask for function enquiries and arrange to visit The Lord Roberts Centre.
