

SALES TAX is required by your STATE:

- A 501(c)(3), nonprofit designation is through the IRS. It states that your group does not operate to make an income, therefore, you do not have to file/pay income taxes. Remember income tax is a FEDERAL tax exemption - not STATE exemption.
- Your STATE has strict guidelines as to who is exempt from Sales Tax. For further information on Sales Tax exemption and/or an application reach out directly to your State Sales Tax agency.
- If you are not Sales Tax Exempt our suggestion would be to charge Sales Tax. This number varies from county to county. If you would like to know your exact Sales Tax for your fundraiser please enter your address in the web site listed below using the amount of \$12.00 (this would be the highest amount you would pay taxes on as you do not pay sales tax on any profits you earn).
