

Hair Extensions

Service includes a full consultation prior to application, cutting, blending of the extensions and full aftercare advice.

Remy Grade AAA Human Hair

This is 100% human cuticle correct hair. It is soft, silky and lasting. The hair can be cut, coloured, curled and straightened. The hair may be re-used if kept in good condition. All hair extensions take between 1-3 hours for application.

Micro Ring

Hair is attached with tiny rings that comes in several colours for a close match to your natural hair. Using a tool to pull a section no bigger than 2mm wide, the extension is then put through the ring and clamped down to secure your natural hair to the extension. This is a great method. Micro Rings can last up to 3 months depending on the aftercare and maintenance followed.

16" £190

18" £210

22" £230

Half Head from £150

Maintenance- This includes tidy up of the hair extensions and adding more if needed. £50.00

Removal- Complete removal of the hair extensions. This takes between 30 minutes to 1 hour £45.00

Fusion Bonding

This method of applying hair extensions is done by using a heat connector. The hair is applied strand by strand to your own strands of hair, fusing the hair close to the scalp to the extension. These extensions can last 3 - 4 months depending on the after care and maintenance followed.

Indian Human Hair

Our Indian human hair has undergone very little colouring process, the hair has its cuticle layer still intact, the hair blends well with European hair, is silky soft, tangle free and tipped with Italian keratin to form strong bonds. The extensions will last 3-4 months depending on aftercare and maintenance followed.
