America

Pinot Gris, Duck Pond, Oregon £22.95

Few wines can match lighter fare as well as Pinot Gris. Its crisp and juicy fruit character is perfectly balanced. This wine comes from grapes planted in the gently rolling hills of the middle Willamette Valley. The soil is intensely red and high in minerals; the vineyards are slightly elevated in altitude, putting them in the path of constant cooling breezes. These factors imbue this wine with complexity and backbone.

Malvasia, Birichino, Santa Cruz £27.95

You can't be too rich, too beautiful, or too birichino. For the Italians it connotes mischievous, impish, or nymphean- a mark of vitality and embrace of La Dolce Vita. Of Classical Greek origin, Malvasia threaded her way through the forests of Calabria before slipping ashore in California under cover of darkness. Her fragrance of jasmine, lime blossom and elderflower suggest something quite sweet and sybaritic, though as the first sip passes the lips, she is revealed bone dry, crystalline, and clear. She has learned, through her worldly travels, to flatter a diverse array of cuisine, from tea smoked duck, to a simply sautéed scallop, to pasta al pesto.

Albarino, Bonny Doon, Santa Cruz £28.95

This vintage expresses the beautiful crystalline mineral aspect of the Monterey County soils, bracing crisp citrus and great persistence on the palate. Perfect as an aperitif and wildly appropriate with Asian foods. Bright aromas of lemon blossom, ginger and sage remind one of the pilgrim journeys along the winding paths leading to Santiago de Compostela in Galicia. Citrus rind, wild herbs and green almond flavours continue this spanish interlude as this vintage finishes long, crisp and briny.

Sauvignon Blanc, Frogs Leap, Napa Valley £29.95

Staying true to its Rutherford roots, the 2011 Sauvignon Blanc, exudes aromas of citrus peel, lemon zest and granite. These bright flavors are handsomely balanced by the wine's subtle minerality and its bracing acidity. Refreshing and crisp, this wine is a perfect companion for those warm summer days ...

Chardonnay, Wild Boy, Santa Maria £29.95

No it's not a very subtle label but then it is made in California by Jim Clenendon of the famous Au Bon Climat estate, and that's what he actually looks like—although without the purple streaks.

It's made in a deliberately opulent style, yet the nose is surprisingly restrained, and the wine has a lovely weight. The palate is has lots of citrus flavours and the oak comes through in the lovely brioche flavours.

Everybody seems to know someone who they think looks like him!

Argentina

Sauvignon Blanc, La Flor, Mendoza £20.95

La Flor is a wonderful Sauvignon from Pulenta, crisp and aromatic and with an exemplary texture, as far from the cooked sweaty aromas sometimes associated with South American Sauvignon as it is possible to be. The 2011 has crisp but not tart acidity and is complex and leafy, with asparagus and citric notes on the palate.

Torrontes, Santa Celina, Mendoza £19.95

More of a summer wine, this very floral, almost syrup like wine will be the closest you'll get to sweet whilst still being dry. A very under-rated variety, but well worth a try.

Picpoul De Pinet, Felines Jourdan, Languedoc £20.95

The Basin De Thau is located to the South-West of Montpellier, on the road to Béziers. The etymology of the grape variety gives a clue to the style; 'pique' implying the crispness and firmness, 'poule', rather more tangentially, hinting at soft and maternal qualities. This Mediterranean appellation, with its beautiful countryside and fantastic wild-life has forged a strong reputation for this variety, in some ways similar to the Albarino in Galicia.

Malbec, Pulenta Estate, Mendoza £36.95

Malbec in youth is rich and almost too powerful, marrying Indian spices, liqueur de cassis and notes that remind one of dried fruits that have been macerated. All framed in a natural and entirely seductive sweetness, needless to say. Pulenta's success resides in the fact that all this has been harnessed, but then enhanced by careful ageing and a judicious use of new oak.
