

Prepay Account Customer Prices 2012/13

In our continuous efforts to improve our services and value for money, we now offer a prepay account service.

This enables our clients to improve their profit margin on our rates, whilst still receiving the same standard of quality report as one-off customers.

Prepay prices apply to properties with up to and including 3 bedrooms and regardless of whether they are furnished or not; where 1 credit will be used. Properties with 4 or more bedrooms will use 1.5 credits.
