

PRODUCT BRIEF

WHAT IS MOROCCAN ARGAN OIL?

This rare oil is extracted from the nuts of a rare tree grown only in Morocco called the Argan Tree. The women of the "Berber" tribes of Morocco have been extracting Argan oil for centuries and have been using this precious oil for skin treatment like scars, burns and various skin conditions. Today, the mainstream market have discovered its moisturizing and anti-aging benefits. It is truly a miracle oil as it has so many cosmetic and skin health benefits. Argan Oil is the latest trend in the organic cosmetic industry.

BENEFITS OF ARGAN OIL

Argan Oil is a complex mixture of chemical compounds like fatty acid (80%), polyphenoles, antioxidants, caratenoids and other acids that allows it have many cosmetic uses.

- 1. Hair Conditioner** – Rich in fatty acids to strengthen hair's health. It also contains Sterols that penetrates pores for deep moisturizing for soft, no greasy and shiny hair.
- 2. Skin Moisturizer**- Argan oil contains high levels of Vitamin E, 3x more than Olive Oil. It also contains Omega 6 and Anti-oxidants which are clinically proven to nourish your skin. Massage to your skin and see the results!
- 3. Anti- Aging** – Argan Oil's Anti oxidants gives your skin a younger and a fresher look. It reduces wrinkles by combating oxidation and free radicals thus repairing damaged skin cells.
- 4. Anti- Acne**- Argan Oil is unique because its a moisturizer that also has anti- Acne properties by balancing your skin's production of Sebum which leads to unclogging of your pores and therefore preventing Acne.
- 5. Lessen Scars** – It's natural fatty acids reduce scars in your skin and lessens stretch marks by improving skin elasticity. Argan oil also acts as an anti-bacterial oil and it is also acts as an anti-inflammatory agent.
- 6. Relief Skin Conditions** – Argan oil regulates your skin's secretion of Sebum, which balances oil in your skin which helps clear acne and blemishes. It is also works best for conditions such as ECZEMA, PSORIASIS, ROSACEA and SKIN ASTHMA.

BETTER THAN ANY OTHER ORGANIC COSMETIC OILS

Argan Oil vs. Coconut Oil

Argan oil and coconut oil both restore skin, smooth and younger skin but argan oil has more anti-oxidants.

Argan Oil vs. Rosehip Oil

Argan Oil has more moisturizing and softening properties than Rosehip Oil or any other oil.

Argan Oil vs. Emu Oil

Argan and Emu Oil can both prevent skin dryness but Argan oil can remove blemishes that do not disappear.

Argan Oil vs. Grape seed Oil

Argan is the leading non-toxic oil and compared to Grape seed oil, Argan Oil works well with people with sensitive skin.

Argan Oil vs. Macademia Oil

Macademia is the leading Oil that makes it so headlines but Argan Oil is far more favorable because Argan Oil has "zero side effects".

HOW TO USE

FOR FACE:

- After washing your face, apply 1-2 pumps of Argan Oil. For make up, wait until Argan oil seeps into your skin (1-2 mins) then apply make-up over Argan oiled skin.
- Apply 1-2 Pumps on your face Day and night.
- Apply on blemishes, Acne affected areas and other skin conditions like ECZEMA, PSORIASIS, ROSACEA and SKIN ASTHMA.

FOR HAIR:

- Apply generous amount on palm and use after shampooing just like any conditioner then rinse or Apply Argan oil 15-30minutes before shampooing then rinse.
- Apply as leave-on after towel dried hair which then protects your hair from heat.
- For hair treatment, apply a generous amount of oil from roots to tips, then wrap in a warm towel and leave for 30 minutes before rinsing. For best results, do the treatment twice a week.
- To create natural waves or curls, apply generous amount of Argan oil on hair after shampooing and conditioning. Comb hair to untangle hair strands then crunch hair to create curls or waves then leave hair to dry for 10 minutes, when hair feels towel dried crunch hair again as you please until satisfied with waves and curls.

FOR SKIN:

- Apply on area's with Skin conditions such as ECZEMA, PSORIASIS, ROSACEA and SKIN ASTHMA.
- Apply on scars, burns and stretch marks on your body.
- Apply small amounts to nail cuticles after manicure and pedicure.
- Apply on sun kissed skin.

FOR NAILS:

- Create a lemon mix of 1tsp Lemon and 1tsp of Argan oil in a small bowl and dunk fingernails for 10-15 minutes.

OUR COMPANY

Our company is committed to providing a fresh and natural alternative for skin health by promoting the benefits of all natural and organic cosmetic oils and we believe in the most powerful organic cosmetic oil, Argan Oil. It is a growing trend in the cosmetic industry but still only a few know it's benefits and anti-aging properties without side effects. We prefer our Argan Oil to be untouched, fresh and authentic. Our oil is 100% Pure, by authenticated by the most trusted international certification companies.
