Prague Tours By Willy

rating: ★★★★★ [view](#)

Tours must not be boring ! I do prefer dialogue with my clients as I myself am inquisitive whenever abroad. I too get bored by informations served without humour. My academic and professional qualifications include history, anthropology, sociology and arts, you will receive information on broad spectrum of topics according to your interest, whether it concerns Bohemian history, architecture, culture, economy or contemporary life. I know where are "tourist traps" and what is really worth to visit .

THE TOURSBYLOCALS DIFFERENCE

You choose the ACTUAL PERSON who will give your tour. See their photo, bio, credentials and communicate with them in advance via our website. They are locals, living in the same area as the tour.

ONLY THE BEST GUIDES. Guides can't buy their way onto our system - each is chosen by ToursByLocals.

All Tours are PRIVATE, only you and people you choose.

Guide services are priced PER TOUR, not PER PERSON. However, there may be a 'per person' price component if the tour involves external costs such as admission tickets, etc.

Tours shown on website can be purchased directly - or the guide can customize them at your request.

Full contact information provided after booking. Plus, you'll have access to ToursByLocals 24 hour emergency contact number.
