

Wedding Packages

The "Rhodes Wedding Wishes" wedding packages have been devised after speaking with over 200 wedding couples over the last three years, and allowing those desires and experiences to shape the wedding packages offered.

We have put together two wedding packages, the 'Essential Gold' package and the 'Platinum Plus' package. The 'Essential Gold' package gives you the absolute essentials for your wedding day, including your UK legal documents translated from English to Greek and your standard marriage ceremony fee and licence.

The 'Platinum Plus' package offers you some wedding extras, such as a wedding cake, the bridal bouquet, the grooms buttonhole, accompanying you to the town hall for the collection of your marriage certificates and two wedding co-ordinators at the reception venue.

We also have the 'Vow renewal' & 'Symbolic ceremony' package and the 'Catholic ceremony' packages.

Once you have decided on your wedding package, you can then proceed to the **Wedding optional extras page** to add your additional service requirements.

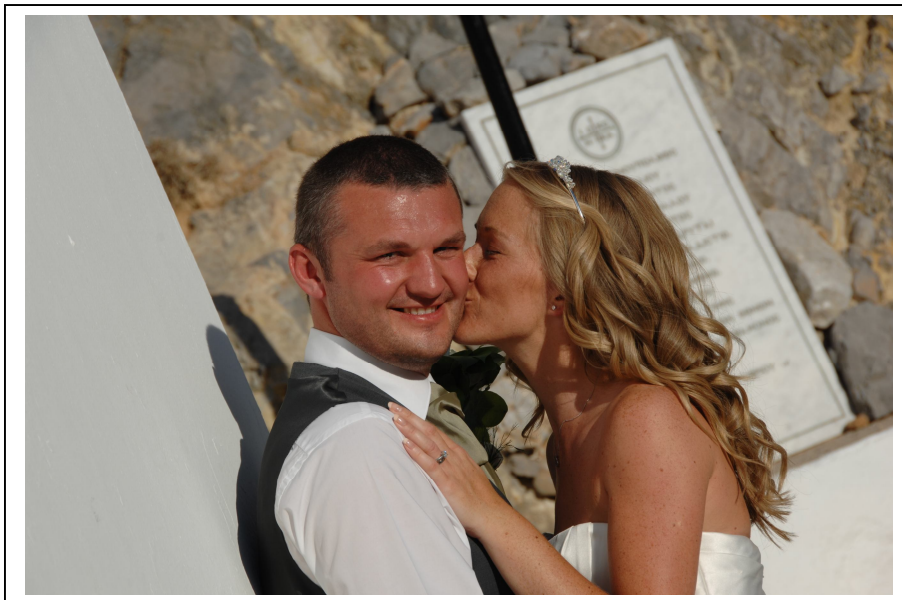

You can email us with your ideas and suggestions and we will supply you with a quotation for any of your optional extra touches.
