Entire Track Rental \$1,200 per Hour * Typically, upto 30 people per Hour

Want something more CASUAL for large groups? Try this out: Individual races, which are 8 minutes long, and a max of 10 people at a time. When they are done, they can sign up again, and go in the next available race. This way, those who are not racing, or just finished racing, can go ahead and eat or drink in the tavern, watch the others racing from the observation area, or play video games / pool / air hockey, or watch some of the sports on our many TV's. At the end of the duration of your racing, we will take the top 10 overall, and do a "Championship Race", which everyone will probably be watching and rooting for!
