Balenciaga Brown Leather Giant Part Time Bag	Wow! What a rare find this Balenciaga silver giant part time bag is. Deep chocolate brown leather with silver hardware. Two leather handles allow this Balenciaga purse to be carried over your shoulder on in your hands. Lots of silver hardware give this designer handbag a rock and roll edge. One of my favorite things about it is that the zipper unzips completely so the top opens wide and you can actually see all the way down to the bottom of the purse, and find everything in it! Genius, right? Over the zipper there are leather arms that come together with a slip clasp further securing your belongings. The centerpiece of this vintage McFadden dress is the beaded upper bust area, a square panel around neckline, upper bust, and like a collar in back that is intricately beaded and embroidered in gold, pink, green, white, and yellow. The edge of the panel is beaded in gold, copper, and bronze in a zig zag chevron pattern. Inside the exterior band, the beading and embroidery is more of a paisley scroll pattern. Stylist suggestion: Try this vintage McFadden cocktail dress belted for an alternate look. A note on the size and measurements.
