

COURTHOUSE HOTEL LONDON

Courthouse Hotel - Situated in an old courthouse, the Grade II listed building retains much of the splendor of the original, with a number of quirky features.

The Great Marlborough Street Magistrate's Court set the scene for many famous cases over the years, which were either heard there or taken to full trial at Crown Courts such as the Old Bailey. This was the case with the first obscenity trial for a comic book in English history, against International Times in 1971.
